

LET'S MAKE A BETTER TOMORROW ...

As the country's leading third generation bank, we care for your wellbeing. Our products and services are devised to suit your needs. Our different saving schemes are directed towards your progress. Our COVERage scheme is tailor-made to improve your lifestyle.

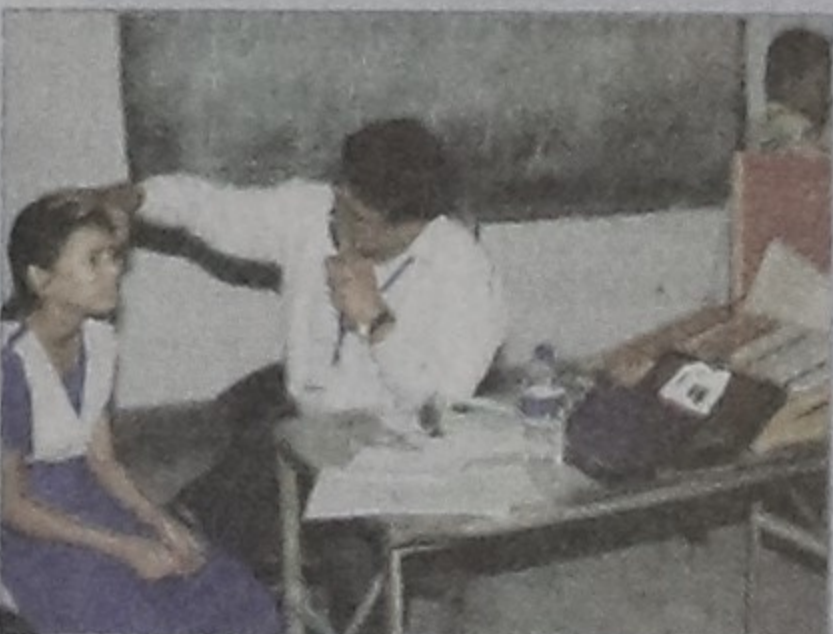

We are one of the pioneers in introducing online banking facilities in the country. We design our own banking software and provide multiple IT based services like - ATM, SMS banking, Internet banking and so on. We recently introduced Shariah Banking to cover our religious minded clients.

We feel an acute sense of responsibility towards society. That is why we are working continuously for the unprivileged. We are working in collaboration with Bangladesh Eye Hospital to provide free treatment for the born blind children of the country. We offer scholarships to the poor and meritorious students of rural areas to pursue higher studies. Bank Asia joins hands with D.Net to carry on computer learning centers, especially for rural students.

Our awards will speak for us. We received the globally renowned Bracken Award as 'Bank of the Year 2007'. We also received award at the Seventh ICAB National Competition for the Best Published Accounts and Reports. We are the first to have acquired the local operations of two foreign banks.

We feel proud to be associated with you. Let us carry forward this alliance. Let us be a part of your future too. Let's get together for a better tomorrow.
