

# Piecing together:

## connectivity, technology and talent

Because we understand Asia better, we are able to provide affordable connectivity, innovative technology and world class talent to the entire region.

Axiata provides affordable and innovative mobile communication services covering over 1.5 billion people across Asia from remote villages to large cities. Our companies have invested more than US\$9 billion over the last 5 years in technology and networks to deliver cutting edge services to our 90 million customers. And by bringing employment and career opportunities to 25,000 people, we are developing human capital throughout the region.

Because at Axiata, we are advancing Asia towards a better, brighter future.

Serving the telecommunication needs of over 90 million customers across 10 countries with 25,000 people
