Globalisation and the young generation

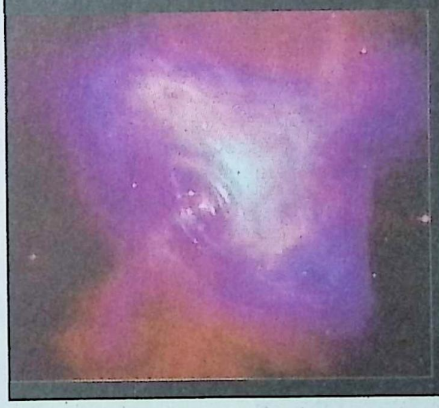

6-10

Globalisation is a sturdy wave which has swept the whole world, with a deep impact on the life of its inhabitants, whoever they are, wherever they live, however they speak and whatever community they belong to. It has impacted people from all walks of life irrespective of their caste and creed, passion or profession.

Astronomers on verge of finding Earth's twin

29

Planet hunters say it's just a matter of time before they lasso Earth's twin, which almost surely is hiding somewhere in our star-studded galaxy. Momentum is building: Recently, astronomers announced they had discovered three super-Earths worlds more massive than ours but small enough to most likely be rocky orbiting a single star.

The Diving Bell and the Butterfly

32

Those of you who are glued to Hollywood or perhaps Bollywood movies, please do not get disappointed as I talk about a totally different film genre in this week's movie review. After experimenting with several movies, I finally found a number of movies that may be a revelation or might stand as a challenge to some movie aficionados.
