

Nepal president orders polls to elect new PM

INDO-ASIAN NEWS SERVICE, Kathmandu

Nepal's President Ram Baran Yadav Sunday asked the interim parliament to hold an election to choose a new prime minister after the nation's major parties failed to meet his Saturday deadline for stitching up a consensus coalition. The presidential office said Yadav sent a letter Sunday to the parliament secretariat, asking it to ready for the election of a new prime minister through simple majority.

However, it was not clear immediately if the secretariat would be able to call an election. The Maoist party, whose government collapsed last week, has vowed not to allow the house to function till its row with the president is resolved.

Since Monday, when Nepal's first Maoist Prime Minister Pushpa Kamal Dahal Prachanda resigned after failing to fire the army chief, Gen Rookmangud Katawal, his simmering party has kept up public protests against the president, who reinstated the general.

The former rebels have also prevented the house from sitting.

The onus to appease the former guerrillas is now on their former allies, the communists, who said they would lead the new government. The Communist Party of Nepal-United

Marxist Leninist (UML) has formed a nine-member committee to woo the other major parties and informal negotiations are likely to start Sunday.

But the Maoists, who say the president undermined civilian supremacy by bringing back the army chief who had defied the government, are demanding that the general be dismissed first and the president tender an apology before they consent to join or support a new ruling alliance.

Even if the former guerrillas allow the election, it remains uncertain if the UML would win the race.

With only 109 MPs in the 601-member house, it will need the support of more parties even though the main opposition Nepali Congress (NC) has agreed to stand behind it.

The NC has 114 members and even together, the two parties still fall short of the 302-vote mark.

Three Terai parties together can help the UML come to power since they have over 80 lawmakers between them.

However, with the regional bloc yet to spell out who it will support, there is also a possibility of the Maoists, who are the largest party with 238 MPs, returning to power if they can woo the Terai parties.

Iraq PM says they don't need US troops in cities

AFP, Baghdad

Iraqi Prime Minister Nuri al-Maliki assured visiting US House Speaker Nancy Pelosi yesterday that his country's security will be unaffected by the planned American troop withdrawal from Iraqi cities.

"We don't need big numbers of (US) military forces inside the cities after we get control of them," Maliki said in a statement after talks with the top US lawmaker, who arrived in Baghdad on an unannounced visit.

"The responsible withdrawal (of US troops) will not affect the security situation," Maliki added.

A fierce critic of the 2003-US invasion ordered by former president George W. Bush, Pelosi's one-day visit came as US troops prepare to withdraw from Iraq's urban areas by the end of next month despite a spike in violence.

The withdrawal is a key part of a military accord signed by Baghdad and Washington last November that will also see US troops leave the country by the end of 2011.

Maliki said Iraq's military efforts were now concentrated on improving its intelligence services.

The US Congress, for its part, should try to develop bilateral relations focused on the scientific and economic agreements signed by the two countries, he said.

"Under stability, we are seeking to develop our economy, especially the oil industry, after multinationals have already come to work and invest in the sector," he said.

Pelosi said that Washington would stick to its part of the agreement on troop withdrawals.

"I can't speak to what the attitude is in Iraq, but what I do know that this is the plan that has been agreed upon, and we want to honour that," the California Democrat said after meeting parliament speaker Iyad al-Samarrai.

"Our agenda included talking about the strategic framework agreement and how it needs to be discussed and strengthened and enforced," Pelosi told a news conference after the meeting.

She said that Washington was withdrawing its troops in spite of the continued violence in Iraq. Tackling the rampant corruption that international surveys routinely say makes Iraq one of the world's most corrupt countries was also crucial to its stability, as was improving US intelligence, she said.

"If we're going to have a diminished physical military presence, we have to have a strong intelligence presence," she said.

Pelosi, who previously visited Iraq in January 2007 and again in May of last year, also met with US officials and later left the country, a US embassy official said.

Her visit came as Iraq has been hit by a spate of deadly bombings which targeted crowded civilian areas, making April -- with 355 people killed -- the bloodiest month in the country since September.

Despite the violence, Iraq has insisted it will stick to the deadline for American troops to withdraw from cities by June 30, while Washington's top commander in Iraq, General Ray Odierno, has insisted the pullout is on track.

Pelosi has backed President Barack Obama's plan to end US combat operations in Iraq by August 2010, but has at the same time faulted his plans to leave behind a residual force of up to 50,000 soldiers.

"The remaining missions given to our remaining forces must be clearly defined and narrowly focused so that the number of troops needed to perform them is as small as possible," she said in February.

The US military currently has about 139,000 troops in Iraq.

SC stayed HC order on Babar's bail

STAFF CORRESPONDENT

The Supreme Court (SC) yesterday stayed for a week a High Court (HC) order granting bail to former state minister for home Lutfozzaman Babar in an arms case.

Earlier, Babar was sentenced to 17 years' imprisonment by a trial court.

Upon hearing on an appeal filed by Babar, the HC granted him bail for 3 months on May 5 this year.

The government yesterday filed a petition with the SC to stay the HC order.

After hearing, Chamber Judge Justice Md Abdul Aziz stayed the HC order till May 17 and also asked the government to file a regular leave-to-appeal petition with this court against the HC order by May 17.

On March 5 this year, a Dhaka court sent Babar to jail after he surrendered and sought bail.

The HC earlier on March 4 directed him to surrender before the trial court as per the SC order.

Meanwhile, a HC bench rejected a petition yesterday filed by former BNP lawmaker Ali Asghar Lobi for quashing the proceedings against him in a relief misappropriation case.

Following the HC verdict, trial of this corruption case filed by the Anti-Corruption Commission (ACC) against Lobi will run at the trial court.

The ACC filed the case with Batiaghata Police Station on July 1, 2007.

to disclose any probe findings.

The committee headed by retired bureaucrat Anisuzzaman Khan was given a month's time as it sought time extension for the fourth time for detailed enquiry into the carnage. The latest extension was given in the last week of March.

Meanwhile, 149 BDR jawans were arrested at different battalions and campus of Bangladesh Rifles (BDR) in Bandarban and Rangamati yesterday following filing of sedition cases against them in connection with the mutiny outside the Pilkhana on February 25-26.

Police and Rapid Action Battalion (Rab) assisted by army personnel arrested the BDR jawans -- 110 from Bolipara 10 Rifles Battalions and 39 others from BDR camps in three upazilas of Rangamati -- and produced them before courts in Bandarban and Rangamati.

In Dhaka, four BDR jawans confessed to their involvement in the Pilkhana carnage yesterday while three others were placed on seven days' remand each for interrogation.

Our correspondent in Bandarban reports: Under tight security the 110 BDR jawans and were produced before a Bandarban court yesterday. They were arrested the same day. The court ordered them to be sent to jail.

Earlier, police filed separate sedition cases against 232

BDR jawans of Bolipur 10 Rifles Battalion and Naikhangchhari 15 Rifles Battalion.

Our Rangamati correspondent adds: Police yesterday arrested 39 BDR jawans at BDR camps in Baghaichhari, Longudu and Barkal upazilas. A Rangamati court had issued arrest warrants after sedition cases were filed against them.

The court sent the arrestees to Rangamati jail.

Of the 39 arrested BDR jawans, 18 were arrested at Marishya BDR camp, 16 at Chhotohariana camp under Barkal upazila and five at Rajnagar under Longudu BDR camp.

Our court correspondent reports: Four BDR members--deputy assistant directors (DADs) Abdul Jalil and Mirza Habibur Rahman and sepoy Selim Reza and Kazol Ali--made confessional statements before magistrates admitting their involvement in the Pilkhana carnage.

The Criminal Investigation Department (CID), which is investigating the mutiny case in Dhaka, also produced five other BDR jawans--Nayek Mainul Haque, Lance Nayek Saiful Islam and sepoy Ziaul Haque, Abdul Muhith and Ramzan Ali--before a Dhaka court with a petition for showing them arrested in the case.

Of them, sepoy Ziaul Haque, Abdul Muhith and Ramzan Ali were later placed on seven days' remand each.
