BID TO MINIMISE BORO LOSS IN N-DISTS

Farmers use family men to save labour cost

OUR CORRESPONDENT, Nilphamari

Farmers in many northern districts are using family labour for harvesting paddy to save the cost for day labourers as the production cost has already exceeded the market price in this season.

Farmers said they have to incur loss of Tk 100 to Tk 150 a maund (40kg) as paddy is selling for only Tk 400 to Tk 450 whereas the average production cost stands at Tk 550.

Under the government's current paddy and rice procurement drive, the price of a kg of Boro paddy has been fixed at Tk 14. Accordingly, a farmer is supposed to get around Tk 560 for one maund of paddy.

But the government's drive seems to work little as the drive is going on at a snail's pace.

Taking the advantage of the situation, the middlemen are buying paddy at very low prices.

To save Tk 600 to Tk 700 as harvesting cost

per bigha, especially small and medium farmers are now cutting, carrying and thrashing paddy with family labour. Even women members of a farmer's family including his wife, daughters and daughters-in-law are going to paddy field for the purpose.

Many farmers are now hiring woman day labourers for lower pay.

Meanwhile, like other munga-prone areas, the day labourers of Nilphamari and Lalmonirhat districts are now going to distant areas to work in the Boro harvesting season for higher pay.

Day labourers are often seen waiting at rail stations or bus stands with small bundles on their heads to go to distant districts for Boro harvesting.

Pay for daily labour is higher in different southern and eastern districts, said several day labourers of Parulia and Kakina villages in Lalmonirhat district. "I can bring Tk 5,000 for the family if I work in those places for 15 days," said Rabiul, a young day labourer.

Rajshahi bus strike

disrupts road links

STAFF CORRESPONDENT, Rajshahi

Rajshahi bus owners and workers went on an indefinite strike yesterday to press for their 10-point demand, disrupting road communications between Rajshahi and rest of the country.

The demands include security of bus drivers and workers on roads, shifting of BRTC bus

At a meeting with the city mayor last night, the bus owners and workers called off their strike from 11:00pm. The mayor assured the bus owners and workers of meeting their demands.

depot from the city's Kumarpara to an outer spot, stoppage of double-decker BRTC bus service on inter-upazila routes and ban on shallow-engine driven human hauler.

Bus services to and from Rajshahi came to halt and ticket counters remained closed yesterday, causing immense sufferings to the passengers. Trucks and tank lorries were also off the city streets.

Stick-welding bus owners and workers brought out a procession and paraded different city streets. They also inter-

cepted two BRTC buses at Talaimari point as the buses were trying to enter the city.

Escorted by Rab personnel, a few BRTC buses managed to ply from the city outskirts.

Rajshahi Sarak Paribahan Group, Bas Owners Association, Motor Sramik Union, Truck workers Union and Tempo workers Union jointly called the strike as angry mob set a bus afire at Nawhata on May 12

following a road accident that left two people dead.

Meanwhile, hundreds of people staged a demonstration in the city last month against the private bus owners and workers blaming them for making passengers hostage on roads.

They also alleged the private bus owners are hatching conspiracy to stop BRTC buses, which provide better service for the passengers.

Karnaphuli workers on strike for pay hike

STAFF CORRESPONDENT, Ctg

Workers' strike at different ghats of Karnaphuli River continued for the second day yesterday.

Around 3,000 workers began an indefinite strike and refrained from unloading of imported goods, mostly essential commodities, from lighter vessels anchored at 16 ghats along the Karnaphuli river on Tuesday morning demanding pay hike.

However, unloading of cargoes from 26 vessels out of 36 at the outer anchorage was done yesterday. Water Transport Co-ordination Cell (WCCC) Secretary Commodore (ret'd) AZ Nizam said the strike had no impact on the unloading of cargoes at the outer anchorage.

A scheduled meeting between workers and contractors to resolve the issue could not be held yesterday morning, as contractors did not participate in it, sources said.

Abdul Khaleque, general secretary of Chittagong Ghat and Godown Workers Union, said they joined the meeting and waited for the leaders of the contractors but no one came.

Increase budget allocation

Demand physically challenged people in Rajshahi

STAFF CORRESPONDENT, Rajshahi

Physically challenged people have demanded at least two percent allocation in the upcoming budget for 2009-10 fiscal year to ensure rights of around 1.50 crore of their kind in the country.

Ensuring rights and welfare of the disabled people are responsibility of the government as the constitution ensures equal rights for all citizens, they said at a press conference at the auditorium of Rajshahi Chamber of Commerce and Industry (RCCI) yesterday.

Assisted by Action on Disability and Development (ADD), Badhan Protibandhi Sangstha and Jatiya Trinomul Protibandhi Sangstha organised the press conference at the auditorium of Rajshahi Chamber of Commerce and Industry (RCCI).

In the previous 2008-09 budget, the government allocated some 0.07 percent amounting to around Tk 100 crore for development of the disabled people.

Now increased allocation is needed to fight social prejudice and injustices against the people with disabilities, speakers at the press conference said.

The disabled people presented a 12-point demand including allocation of Tk 50 crore for providing equipment like wheel chairs, crutches, white sticks, hearing aids and artificial legs, Tk 10 crore for legal assistance to victimised disabled women, Tk 10 crore for sports and cultural activities and Tk 5 crore allocations from the SME sector for assistance to disabled entrepreneurs.

They also demanded 10 percent of the education allocations for the disabled students, introducing stipend for them up to degree level, special quota in higher education and service sectors, special facilities in transportation and land registration and health allowances for pregnant mothers with disabilities.

Physically challenged Nargis Akter Sharifa read out a written statement at the press conference.

Sheikh Abu Tareque Mukul, convener of Badhan Protibandhi Sangstha, M Saidur Rahman of NGDO, Sarker Helaluzzaman, area coordinator of ADD and Hezzy Smith of Harvard Project on Disability spoke, among others.
