TIPAIMUKH DAM Bangladeshi experts' concern 'politically motivated'

Says Indian HC

UNB, Dhaka

Indian High Commissioner Pinak Ranjan Chakravarty yesterday said Bangladeshi experts are raising their voice against the proposed Tipaimukh dam getting 'politically motivated'.

"Your experts don't have any basic data. Some of them, I am afraid, are politically motivated. They are raising the issue for other reasons," Pinak told reporters in reply to a question regarding the dam over the common river Barak while emerging from a meeting with Foreign Minister Dipu Moni yesterday.

The Indian envoy reasserted that Tipaimukh is not a 'water diversion' project, but a 'hydroelectric project' and both Bangladesh and India would be beneficial from the mammoth project.

Traditionally, the project would generate electricity which can be shared, if possible, he added.

"After the use of water for generating electricity, it would flow back into the river and flow its natural course," he told journalists, explaining their design of the dam.

Pinak further said that the project would also help in controlling floods as a lot of water rolls down the rivers during rainy season and causes floods in downstream areas of Bangladesh.

The envoy said they offered Bangladesh team to visit the Tipaimukh dam project site to see themselves what is happening.

Replying to another question about detained Indian national Daud Merchant and his associate Zahid, he said they might seek consular access for the detainees as they are Indian nationals.

The Indian diplomat said he mainly discussed the foreign minister's visit to India on invitation from the new Indian External Affairs Minister SM Krishna.

Govt adjusts class/division with grading system

UNB, Dhaka

The government made changes to the system of determining results of public examinations, matching the existing grades with the previous classes or divisions according to obtained marks.

A gazette notification has been issued to this effect from the Education Ministry, an official announcement said Wednesday.

The ministry has set separate criteria equivalent to the grading system for the HSC and SSC levels to reintroduce 1st, 2nd and 3rd divisions/classes in proportion to grad-point

average (GPA) marks.

In the first tier, Grade Point Average (GPA) 3.50 or above is equivalent to first division while GPA less than 3.50 to 2.50 is second division and GPA less than 2.50 to 1 is third division for the students who passed SSC and equivalent exams during 2001-2003 period and who passed HSC and its equivalents in 2003.

The second tier goes up as regards score of marks -- GPA 4 or above is equivalent to first division while GPA less than 4 to 3 is second division and GPA less than 3 to 1 is third division for the students who passed SSC and HSC and equivalents

in 2004 and thereafter.

"From now on, these criteria will continue to be in effect," says the announcement.

Besides, the approved universities will have to fix their Cumulative

Grade Point Average (CGPA) scale (4 or 5) equivalent to 80 percent marks. Then division or class will be fixed converting the achieved CGPA to hundred percent numbers.

In this regard, 60% or above number is first class/division while less than 60% to 45% second class/division and less than 45% to 33% third class/division.

STAMFORD UNIVERSITY BANGLADESH (Govt. Approved)

Education for tomorrow's world...

Admission

Are you seeking global standard

Engineering degree?

Our Engineering Programs:

- Bachelor of Architecture
- B. Sc. in Civil Engineering (Day & Evening)
- B. Sc. in Electrical & Electronic Engineering (Day & Evening)
- B. Sc. in Computer Science & Engineering
- B. Sc. in Computer Science & Information
- M. Sc. in Computer Science & Engineering
- Master in Computer Application

Stamford Also Offers:

- | | | |
|-----------|------------------------|-----------------------------------|
| BBA | LL.B. (Hons.) | M. A. in English (Final) |
| MBA | English (Hons.) | M. A. in English (Pre & Final) |
| Economics | Journalism | Bachelor of Environmental Science |
| Pharmacy | B. Sc. in Microbiology | M. Sc. in Environmental Science |
| MPA | MS in Microbiology | B. A. in Film & Media |
| | | M. A. in Film & Media |

- 10 electrical & electronic labs
- 12 computer labs
- 8 pharmacy & microbiology labs
- 5 civil labs, 3 design & drawing labs
- Jury room, language lab, acoustics lab
- 2 video editing labs, 8 professional video cameras
- More than 350 full time qualified & experienced teachers
- 5 libraries with more than 50,000 books
- First & only ISO certified university in Bangladesh
- Full free studentship for 5% students on merit basis
