## Cannes and beyond

## In conversation with Ahmed Muztaba Zamal

CULTURAL CORRESPONDENT

Noted Bangladeshi film critic and activist Ahmed Muztaba Zamal attended the prestigious Cannes Film Festival 2009, where he was jury member for FIPRESCI (The International Federation of Film Critics) Award. This was Zamal's third visit to Cannes.

The film activist shared his experiences at Cannes and more with The Daily Star:

The Daily Star (TDS): Can you amplify on your association with FIPRESCI?

Zamal: My association with FIPRESCI dates back many years. In the course of my involvement (since 1977) with the Dhaka-based Rainbow Film Society, I met H Lechner, the then director general of Goethe Institut, Bangladesh. She provided me with an opportunity to attend the Munich Film Festival in 1991. I was introduced to a group of film critics, including Derek Malcolm and Klaus Eder (general Secretary of FIPRESCI). In 1994, Malcolm suggested that I set up a branch of FIPRESCI in Bangladesh and in 1998 the International Film Critics' Association of Bangladesh (IFCAB) was founded here, with me as the secretary general. I participated as a member of the FIPRESCI jury at Cannes for the first time in 2002. Then

again in 2005 and this year, I had the opportunity to attend the film festival.

TDS: What were the high points of the festival?

Zamal: The most significant aspect of the festival is that I could exchange views with film critics from all over the world. This interaction is very important for a film critic/activist. I watched over 30 films with other jury members for the FIPRESCI Award. Most of the films were by young filmmakers from the

so-called "third world" countries. We tried to choose films that highlight cultural orientation as well as aesthetic perspectives. Viewing these films was an experience in itself.

TDS: What are Rainbow Film Society's current projects?

Zamal: The Rainbow Film Society has been organising seminars, symposiums, workshops and film screenings regularly. It has extended its activities across

the border as well. The 10th Rainbow Film Festival will be held in London from July 5 to 17.

TDS: Your personal projects?

Zamal: I have made a documentary on Islam, titled "Truth And Beyond." A production of Impress Telefilms Ltd, the film was screened at the South Asian Film Festival in Goa recently. I have also worked as the editor for a film-based periodical called Celluloid.

## MOVIE WATCH

## Public Enemies: A legendary bank robber captured at last

"Public Enemies" is a welcome adult alternative to summer's sophomoric blockbusters. The only transforming going on here is actors skilfully taking on roles of '30s-era gangsters and lawmen.

Director Michael Mann ("The Insider") mounts a technically proficient, visually enthralling crime drama anchored by the low-key but captivating performance of Johnny Depp as legendary bank robber John Dillinger.

Christian Bale is one-note as Melvin Purvis, the lead FBI agent on the case. His efforts to nab Dillinger are juxtaposed against the fugitive's cocky bravura in outwitting teams of law enforcement.

Dillinger seems impervious to capture, cleverly escaping when outgunned and surrounded, dodging flurries of bullets and brazenly taunting the authorities by hiding in plain sight.

A memorable scene features an almost impish Dillinger sitting in a crowded theatre while a newsreel projects his larger-than-life image on the big screen.

Some might be put off by the high-definition photography and handheld-camera shots, but it suits the story, which is anchored in historical accuracy. The production design, costumes and evocative score add to the film's sense of authenticity.

The tale is no biopic. Mann avoids armchair psychology, forgoing childhood flashbacks and focusing tightly on a distinct period in Dillinger's life.

Shortly after the film introduces Dillinger, he falls in love with Billie Frechette, a beautiful hat-check girl played by French actress Marion Cotillard.

Depp and Cotillard have palpable chemistry; their romantic scenes are some of the movie's finest.

Depp plays the glamorous Dillinger with a subtly simmering charm while avoiding theatricality. Mann photographs him in tight close-ups, which heighten his appeal. But Dillinger remains enigmatic. Billy Crudup as the histrionic FBI head J. Edgar Hoover is perfectly pitched.

Regarded as a latter-day Robin Hood, Dillinger was a folk hero to the masses. He often insisted he robbed banks but not the common man.

In addition to being timely in its depiction of banks as symbols of villainy, Mann's story is a commentary about the ineptitude of law enforcement.

An action film that feels like an epic, "Public Enemies" is an

exciting and stylish slice of Americana. Though the film may leave viewers wanting to know more about the iconic gangster, it is clearly intended to be a slice -- the most exciting portion of the Indiana-born bank robber's life.
