Panchagarh village to witness total solar eclipse July 22

KONGKON KARMAKER, Dinajpur

A village in Panchagarh is going to witness the first total solar eclipse of the 21st century on July 22, albeit briefly.

Panchagarh district administration and Bangladesh Astronomical Society are all geared up for a fair on that morning as thousands of enthusiasts and scientists, including foreigners, are expected to gather at Madhupara village to watch the longest solar eclipse until June 13, 2132.

The rare eclipse with a magnitude of 1.080 will be visible from a narrow corridor that includes northern India, eastern Nepal, Bhutan, the northern tip of Myanmar, central China, and the Ryukyu Islands, Marshall Islands and Kiribati.

The totality of the eclipse will be visible in cities such as Surat, Varanasi, Patna, Thimphu, Chengdu, Wuhan, Hangzhou and Shanghai, and the Three Gorges Dam.

The whole eclipse will last for six minutes and 39 seconds.

From Bangladesh it can be seen from 6:59:46am for three minutes and 59 seconds, according to Bangladesh Astronomical Society.

Speakers at a preparatory meeting at the office of the Panchagarh deputy commissioner on July 15 termed the event a great opportunity for the people of Bangladesh and also for introducing the Panchagarh village to the world.

Internal strife due to 'wrong decisions' puts BNP in trouble

Khaleda faces tough task of reuniting party

RAKIB HASNET SUMAN

BNP Chairperson Khaleda Zia is faced with the difficult task of reuniting the party, as the rank and file says the organisation is racked by internal strife due to some 'wrong decisions' taken by the current leadership.

The party workers are saying some controversial leaders, who are known as corruptionists and many of whom were even convicted of crimes during the two-year emergency regime, are trying to steer the party according to their own interests, misleading the party chief.

They allege that those top leaders persuaded Khaleda to take the 'wrong decisions'.

The chairperson's move to pick a number of controversial leaders as district level conveners across the country, and nomination of some non-students for leadership positions in the party's student wing Jatiyatabadi Chatra Dal, are being considered as 'sending a wrong mes-

sage' by a large section of party workers.

Moreover, the tussle between the government and BNP regarding Khaleda's Dhaka Cantonment house, and the mounting pressure on the party for holding its national council by the 25th of this month, also put the chairperson in a tight spot.

"It's right that there is instability in the party over different issues, and we don't know where it is going. But we, the members of the standing committee, are very concerned about the issues," Lt Gen (ret'd) Mahbubur Rahman told The Daily Star.

Asked about the 'wrong decisions' that supposedly gave rise to the fissures in the party, he said, "Some decisions did give rise to animosities among people within the party, which has been reported to the chairperson, and she will take necessary steps."

According to a section of leaders, a group of traditional big honchos of the party, against

JULY 24 NATIONAL COUNCIL AL likely to introduce new posts including executive president's

HASAN JAHD TUSHER

Awami League may introduce some new posts including that of an executive president at the national council on July 24.

Currently, its 73-member central committee has a president, a general secretary, a 13-member presidium, three joint general secretaries, seven organisational secretaries, 19 departmental secretaries, a treasurer, two deputy secretaries and 26 general members.

AL President Sheikh Hasina is considering some changes in the party constitution to increase the size of the committee and restructure it, said a source close to her.

An executive president's post may be created to allow her to devote herself entirely to the prime ministerial job.

Hasina, the source added, wants a group of leaders to manage the organisation and another to run the administration.

Keeping it in mind, she may choose some dedicated leaders, mostly out of the council of ministers, for key party positions.

The AL constitution prescribes that councillors elect a president, presidium members, a general secretary, departmental secretaries and a treasurer at a national council every three years.

But in practice, the councillors leave the election to the posts to the AL president's discretion.

Some sources said the party may opt for a spokesperson's post along with two general secretaries.

Police protection for panel mayor, AL leader in Khulna

STAFF CORRESPONDENT, Khulna

Ajmol Ahmed Tapan, panel mayor of Khulna City Corporation and Mizanur Rahman Mizan, general secretary of Khulna city Awami League, who are in fear of their lives, were provided with police protection yesterday.

The two applied in writing to the Khulna Metropolitan Police commissioner on Thursday seeking police protection following the murder of KCC ward councillor and Jubo League leader Shahid Iqbal Bithar.

Bithar was shot dead early Monday in front of his residence at Muselmanpara in the city.

When contacted, Tapan said he needed police protection as he replaced Bithar as the new convener of the KCC-formed committee for conducting eviction drives against encroachers of 22 canals in the city.

"I have been feeling insecure since taking the charge," said Tapan, also president of sadar thana AL.

City AL General Secretary Mizanur Rahman Mizan said he had been receiving threats from unidentified miscreants who demanded money over mobile phone since Monday.

He survived a bomb attack in front of party office on September 6 in 2006.

Swine flu could tip world into deflation

Reveals British study

AFP, London

The global swine flu pandemic could tip the world into deflation, stalling economies just as they struggle to recover from the financial crisis, a British study said yesterday.

Recovery could be delayed by a couple of years in a country like Britain, the worst hit in Europe and is quickly spreading around the world, said the study.

Comparing swine flu to major health crisis including SARS in 2003, the Oxford Economics study said much depends on how many people are infected by the A(H1N1) virus.

"Although so far the social and economic impacts have been very small, if infection rates were to rise much further, significant costs could be expected," it said.

"The SARS economic shock proved short-lived. Asian economies were growing very strongly when SARS broke out. As soon as the epidemic was perceived to be under control, consumption resumed and very strong growth returned.

World's cheapest car hits streets

AFP, Mumbai

The world's cheapest car, the Tata Nano, hits the streets on Friday, as the first customer gets the keys to a vehicle that its makers hope will transform travel for millions of Indians.

The head of Tata Motors, Ratan Tata, was to deliver the first car in person at a central Mumbai dealership, the company said. No details were immediately available about the recipient or the type of Nano being delivered.

But analysts said the delivery was a positive step, after a land dispute forced the firm off the site of a factory it was building to produce the cars in eastern India, fuelling

Miru's eyes were not gouged out

OUR CORRESPONDENT, Faridpur

The eyes of 14-year-old boy Miru Khan were not gouged out at an arbitration for stealing a mobile phone set at Bhanga upazila as mentioned in some national dailies on July 17.

Several dailies reported that influential locals at an arbitration forced Sultan Khan to gouge out his son Miru's eyes as punishment for stealing a cell phone set.

Deputy Commissioner Helal Uddin Ahmed at a press conference at the office of superintendent of police (SP) said the reports were not true as the boy only sustained injury to his right eye.

He said they would take necessary actions against the

No dialogue with Pakistan until Mumbai justice

Manmohan tells parliament

AFP, New Delhi

India's premier reassured parliament yesterday that there would be no resumption of formal peace talks with Pakistan until Islamabad brings those behind last year's Mumbai's attacks to justice.

"The starting point of any meaningful dialogue with Pakistan is a fulfillment of their commitment... not to allow their territory to be used in any manner for terrorist activities against India," Singh told parliament.

"Sustained effective and credible action needs to be taken not only to bring the perpetrators of the Mumbai attacks to justice, but also to shut down the operation of terrorist groups so as to prevent any future attacks," he said.

Despite his assurances that the pre-conditions set by New Delhi for a formal resumption of talks remained in force, the immediate response of opposition MPs was a mass walkout.

The opposition had demanded that Singh clarify a joint statement he had issued the day before with his Pakistani counterpart Yousuf Raza Gilani which stated that action on terrorism "should not be linked" to peace talks.

Sections of the Indian media had labelled the statement a major climbdown, with The Mail Today running the frontpage

Pak court clears Sharif in plane hijacking case

AP, ANI, Islamabad

Pakistan's top court acquitted opposition leader Nawaz Sharif yesterday of hijacking charges stemming from the 1999 coup against his government, clearing the last obstacle to his running for office.

Sharif was banned from office after being found guilty of hijacking Gen. Pervez Musharraf's plane in 1999. Sharif was prime minister at the time, while Musharraf was the head of Pakistan's army. Sharif has insisted the ban was politically motivated.

In its ruling on Friday, the Supreme Court said there was no evidence to support the hijacking charge and acquitted Sharif of all charges. Prosecutor Shahadat Awan said the court's decision was unanimous.

Sharif spokesman Sadiqul Farooq hailed the ruling, and said it brought a close to the final criminal case against the two-time prime minister, paving the way for his return to public office.

"We knew that Nawaz Sharif is innocent, but today's court order also proved that he had been wrongly convicted," Farooq said.

Clarification

The army in a clarification on The Daily Star news headlined "Army officer manhandled by police SI" published on July 17 explained the incident.

It said Cap Arif and Lt Sharif were on their way to Sylhet from School of Infantry and Tactics (SI&T) at Lalalabad Cantonment by their motor-bike.

As they reached Daspara check post on the Sylhet-Tamabil highway patrol police signalled them to stop but they took time to pull over the bike because of its speed and by the time they went beyond the check post, the clarification said.

It said while on-duty constable Akkas was inquiring
