

Almost all the doctors working at DMCH used to help the injured freedom fighters by admitting them under false names. All of this coordinated by Dr. Fazle Rabbi.

Dhaka Medical College had also made its mark in the mass uprising of 90's. The doctors actively participated in the movement protesting the anti people health policy of the government of that time under the banner of BMA.

Different Facilities and Achievements

Dhaka Medical College has two museums. Also, the National Forensic DNA Profiling laboratory is the first of its kind in Bangladesh. This laboratory is to assist the investigation concerning murder, rape, paternity, maternity, immigration, distribution of wealth among successors, deformed dead bodies and other cases needing identification.

The talented students of DMC are not mere bookworms, rather they have made their mark over the decades by their proud achievements in extra curricular activities. Shahjahan Hafiz, a student in the fifties was a leading Rabindra songs artist in the then East Pakistan Radio. The notable alumni of DMC includes current Foreign Minister Dr Dipu Moni, current Health Minister Professor Dr Ruhul Huq, Health Advisor to the Prime Minister Dr. Syed Modasser Ali, former President of Bangladesh Dr. A.Q.M. Badruddoza and many other distinguished personalities.

This college has made admirable achievements in inter medical college literature and cultural competitions. DMC became champions and runners up in Debate Competition organized by Bangladesh television more than once; came third in `Gyan Jiggasa` in 1985 and Champions in 1987 - a national general knowledge competition of Bangladesh Television. Dhaka Medical College has many voluntary organizations namely Computer Club Of Dhaka Medical College, Debating Club of DMC, Rotaract Club, Medicine Club etc.

Dhaka Medical College Football team won the ``Tarubala shield in 1947 organiged by district sports` association: the team captained by Mirza Mazharul Islam beat renowned clubs like Wari on its way to title. Athletics Secretary of first DMCSU (1949-50) was Mazharul Islam Damal who expressed his sporting ability by creating a Bang as the opening batsman of Pakistan `A` cricket team. Dhaka Medical College Cricket team achieved the pride of becoming the Dhaka division champion in 1962-63 season.

Sandhani

The pioneer of the voluntary blood donation movement in Bangladesh - `Sandhani' (Seeker) - started its journey on February 5, 1977 from the premises of Dhaka Medical College. Every year Sandhani collects on an average 40,000 bags of blood.

Dhaka Medical College Alumni Trust

To repay some of the debt to Dhaka Medical College, Dhaka Medical College Alumni Trust was formed in 1989. Late principal & Professor Wali Ullah was the founder President. The Alumni Trust organised a Reunion and 63rd Dhaka Medical College Day on 10 July with the leadership of Health Minister Prof. AFM Ruhal Haque, MP, accompanied by Prof Mudassar Hossain, Dr Mostafa Jalal Mohiuddin, MP, Prof Nazmun Nahar, Prof. Dr Iqbal Arslan and Chowdhury Jamal Uddin. Hon'ble Prime Minister Sheikh Hasina was the Chief Guest on the occasion.
