Affordable Jeans

As a student, maintaining a sleek style and staying within the budget at the same time is much of a common concern. And because of the financial constraints you may think it is difficult to buy the posh pair of jeans that you have been laying your eyes on, however buying trendy outfits is not much of a hassle. All you need is a creative mind and these tips to guide you to the fashion lane.

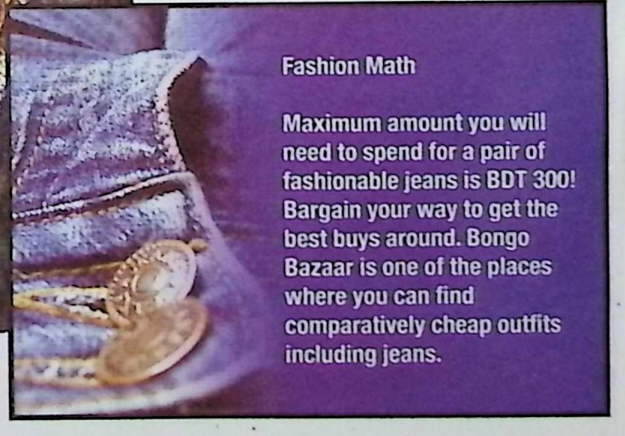

Rejuvenating the old

There's a saying that old is gold, and indeed it makes much of a sense when you accessorise your old pair of jeans. Take out the jeans that has been torn or ragged and get it to any nearby tailor shop to sew it with different colourful threads, beads or even patch of clothes.

Be Smart

Nobody is going to flip the tag behind your pants to see whether you have actually bought the jeans from Levis or Diesel. Hence brand does not really matter as long as you can pull off the style. Rejected jeans are welcomed in shops such as Bongo Bazaar and you can easily get your hands on them.

Fashion Math

Maximum amount you will need to spend for a pair of fashionable jeans is BDT 300! Bargain your way to get the best buys around. Bongo Bazaar is one of the places where you can find comparatively cheap outfits including jeans.
