Panasonic ideas for life

Everything is Possible

With Panasonic Microwave Oven even cooking your daily delicious dishes like Shorshey Ilish, Sujir Haluwa, Chinese Vegetables are possible in minutes now. With unique steam and inverter technology, the versatile healthy cooking options of Panasonic Microwave oven ensures healthy life for the entire family.

INVERTER STEAM

Steam Plus – Powerful Convection and Steam Combination

Nutritious, low-fat diets can be tasty afair! Panasonic's revolutionary Steam Plus technology uses high temperature steam that removes excess fat and cooks food thoroughly, while its 300°C convection heat helps lock in flavour and moisture for healthy and delicious meals.

Versatile enough to cook a variety of healthy and delicious food

Healthy

Steam effectively removes excess oil making foods more nutritious and lower in fat and calories.

Delicious

Steam heats foods thoroughly without drying them out, reheated dishes are just as delicious as when freshly cooked.

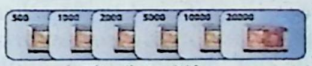

Speedy

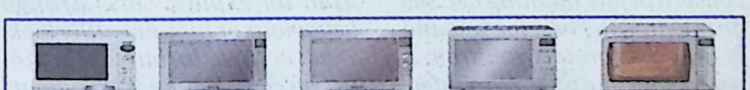

Invertur defrosting with low temperature steam works quickly and defrosts the food evenly and naturally.

Free* EID Bonus

With every purchase you will get a scratch card and win from Tk. 500 to Tk. 20,000 cash discounts. Be the lucky one.

*This offer is valid from August 01 to September 20, 2009.
