

Asian stocks continue losses

AFP, Hong Kong

Asian markets fell for a second successive day on Thursday as another tumble on Wall Street combined with profit-taking and below-forecast growth figures from China.

Beijing said gross domestic product grew 8.9 percent in the September quarter, which was the strongest expansion for a year but weaker than the 9.1 percent expected by analysts.

Tokyo shed 0.64 percent, Hong Kong 0.48 percent and Seoul 1.42 percent.

Shanghai was 0.62 percent off and Sydney eased 0.53 percent.

The losses also came after some regional markets earlier this week touched highs not seen for more than a year.

However, commodities stocks were partially protected by crude holding

above 80 dollars a barrel.

TOKYO: Down 0.64 percent. The Nikkei-225 dropped 66.22 points to 10,267.17.

HONG KONG: Down 0.48 percent. The Hang Seng Index fell 107.59 points to 22,210.52.

Profit-taking in property developers also pushed the market down.

SYDNEY: Down 0.53 percent. The S&P/ASX 200 lost 25.8 points to 4,812.8.

SHANGHAI: Down 0.62 percent. The Shanghai Composite Index, which covers both A and B shares, was down 19.18 points to 3,051.41.

The key index rose 11 percent between September 30 and Tuesday.

SEOUL: Down 1.42 percent. The KOSPI ended down 23.53 points at 1,630.33.

TAIPEI: Down 1.21 percent. The

Mahfuzur Rahman, general manager for anti-money laundering department of Bangladesh Bank, and Choudhury MAQ Sarwar, head of legal, compliance and assurance for Standard Chartered Bank, pose at a training programme on anti-money laundering and anti-terrorism regulations, organised by IDLC Finance Ltd for its employees in Dhaka recently.

2M	68.65
3M	68.75
6M	68.10

Local Market FX

Local inter-bank FX market traded actively today. The USD/BDT rate traded at a similar level compared with the previous day. The market has been on a strong upturn in the past few days.

Money Market

Money market was active on Thursday. The market was liquid; and the majority of deals traded around 2.5%. Rates are taking their cue from the reverse repo rate.

International Market

The dollar rose broadly on Thursday, rebounding from 14-month lows against the euro and a currency basket as a slide in global share price cooled risk demand and put the brakes on a rally in high-risk currencies.
