| 10 | Time for completion of the works | 120 (one hundred twenty) days.                                                                                                                                                                                                                                                              |
| 11 | Eligibility of tenderers         | This invitation for tender is open to all eligible tenderers as mentioned in tender document and should meet the following preconditions.                                                                                                                                                   |

- 1) Minimum 5 years of general experience in deep tube well work.
- 2) Reputed contractors/construction firms having experience in successful completion of at least 1 (one) number of 150mmx200mm or above dia deep tube well with supply & installation of 25 HP submersible pump motor set or above HP in a single tender amounting minimum Tk 18.00 (eighteen) lac in govt/semi govt/autonomous/private organisation within last 5 years.
- 3) In case of running/ongoing work the bidder must have successfully completed at least 80% (eighty percent) physical progress of the work. The receipt of payment in such cases shall not be less than Tk 18.00 lac on 28 (twenty-eight) days before the submission date of this tender.
- 4) Certificate of authentication in respect of the work should have to be furnished by the bidder along with tender document in the following manner as applicable.
  - a) In case of a work done under PWD, the certifying and authenticating authority shall be the concerned Executive Engineer, under whom the work has been executed.
  - b) In case of a work done under the government/semi-government/autonomous bodies/organisation other than PWD the certifying authority shall be an officer of the organisation (not below the rank of Executive Engineer) and the same should be duly verified by the concerned Executive Engineer of PWD of that area under whose jurisdiction the work has been done (Format-9). c) In case of a work done under a private organisation, a certificate of sinking deep tube well is to be obtained from the Chairman/CEO/Managing Director of the organisation about the type and up-to-date payment made to the builder and the same is to be duly verified by the concerned Executive Engineer of PWD of that area under whose jurisdiction the work has been done. d) In case of a work done under a private organisation, prescribed work order (original or duly attested by competent authority) for the work should be enclosed along with tender document. e) In case of work done under a private organisation payment certificate and certificate of deposit is to be obtained from the banker and is to be enclosed along with the tender document (other required conditions are as mentioned in tender document in Section-2).
- 5) The required average annual construction turnover during the last 5 (five) years shall be minimum Tk 93.00 lac.
- 6) Tender capacity. Not less than tender amount.
- 7) The minimum amount of free funds (liquid assets) and/or credit facility net of other contractual commitments (un-conditional) of the successful tenderer shall be 20.00 (twenty) lac.
- 8) Contractor/firm must have ABC category contractor and supervisory licence from Electricity Licensing Board, Government of the People's Republic of Bangladesh.
- 9) To attached: Tender purchasing money receipt (original), up-to-date trade licence, income tax clearance certificate and VAT registration certificate from the NBR/concern office etc.
- 10) Other required eligibility, criteria & conditions as mentioned in tender document (section-2 & section-4).

| 21  | Submission of false or misleading documents and failure to disclose up-to-date and accurate information on work underway (in hand) or committed with percentage of physical progress and value of remaining work shall result in rejection of tender and procuring entity may declare such tender to be ineligible to participate in public procurement. The procuring entity shall disqualify a tenderer who is in the debarment list of CPMT and/or tenderer who has record of poor performance such as abandoning the works, not properly completing the contract, poor workmanship, inordinate delays, litigation history, financial failures and termination of contract for default etc. If the lowest evaluated tender is unbalanced or front loaded in the opinion of the employer, the amount of the performance security shall be increased before signing contract at expenses of the tenderer to a level sufficient to protect the employer against financial loss in the event of default by such tenderer during contract implementation, if awarded the contract. |                                                                                                                                                                                                                                                                                                                                                      |
