FIJI INSTITUTE OF TECHNOLOGY

P.O. Box 3722, Samabula, Tel: (679)3381 044 Fax: (679) 3370 375

Vacancies: Engineering, Commerce, Library, IT, Film & TV

THE Fiji Institute of Technology seeks to employ a number of academics and professionals in engineering, information technology, finance and film & television.

The Institute is dedicated to quality education and training that responds to human resources needs of Fiji and the Pacific region. Over 200 programmes in a wide range of fields are offered each year. Qualifications offered include Certificates, Trade Certificates, Diplomas, Advanced Diplomas and Degrees. The Institute has a number of academic job vacancies in Engineering, Information Technology, Commerce and Film and Television Studies as Lecturer, Senior Lecturer, Assistant Professor, Associate Professor and Professional levels. A number of vacancies for the Library and the Computer Services Department also exist.

Fiji is a tropical island nation, with a very good quality of life and environment. The FIT would be a part of the Fiji National University from 2010. This would provide added excitement for staff at FIT as FIT would become a part of the largest tertiary institution in the South Pacific.

The job vacancies are advertised at our website: www.fit.ac.fj. If you need the advertisements to be emailed to you, please contact: hnm@fit.ac.fj or director@fit.ac.fj

HIGH COMMISSION OF INDIA DHAKA

Junior Research Fellowships & Research Associateships 2009-2010.

About the Scheme

The University Grants Commission Government of India awards 20 Junior Research Fellowships and 7 Research Associateships every year to scholars (teachers & students) from developing countries of Asia, Africa and South America to undertake advanced studies and research in Science, Humanities and Social Science in Indian Universities.

Eligibility criteria:

For Junior Research Fellowship (JRF): In case of male applicants, the age should be 35 years as on 1st July 2009 and 40 years in case of female candidates. The Candidate must have at least a high-class Master's degree with a second class Bachelor's degree or second class Master's degree with a first class Bachelor's degree.

For Research Associateship (RA): In case of male applicants, the age should be 40 years as on 1st July 2009 and 45 years in case of female candidates. The Candidate must have a Doctorate degree, published research work to their credit and evidence of independent research work.

Bangladeshi nationals studying in India, who have completed their Master's degree or Doctoral degree and desire to pursue research may send their applications (duly endorsed by the Bangladesh High Commission) through the Universities they propose to work with.

How to apply :

Application forms are available at the Education Wing of High Commission of India House No. 2, Road No. 142, Gulshan -1, Dhaka 1212 during office hours on working days. Duly completed forms are to be deposited at High Commission of India, Dhaka latest by November 29, 2009.

Request for Proposals (RFP)

Katalyst, a pro-poor market development project implemented under the Ministry of Commerce by Swisscontact and GTZ International Services and funded by a donor consortium, requests proposals from interested consulting firms/development organizations/other relevant entities for 1. Dedicated Windows Server Hosting 2. Developing the potato sector in Bangladesh

1. Dedicated Windows Server Hosting

The proposal for **Dedicated Windows Server Hosting** should be based on the details provided on our website at http://www.katalyst.com.bd/abtus_procurement.php and should consist of a separate technical and financial bid in two separate envelopes in one package. The contract will be valid for one year. The proposals should be submitted by 5:00 pm on the 24th November 2009.

2. Developing the Potato Sector in Bangladesh

The proposal for **Appointment of 'a Co- Facilitator to Develop the Potato Sector in Bangladesh'** should contain details under the following assignments:

Assignment 1: Promote proper usage of inputs to reduce cost and prevent disease like late blight

Farmers suffer from a lack of knowledge and information regarding best practices in agriculture that lead to indiscriminate use of inputs. The contracted organization is expected to plan, organize and implement interventions that will lead to proper usage of appropriate inputs and avoid diseases in potato cultivation.

Assignment 2: Strengthen the existing processing industry

Potatoes are processed into french fries, chips, flakes that have a high demand both at home and abroad. There remains a huge untapped potential in the processing of potatoes. The contracted organization is expected to plan, organize and implement interventions that will lead to the strengthening of the existing processing industry.

Assignment 3: Stimulate demand of potato by promoting export and alternate uses

The contracted organization is expected to assess, design and implement interventions for stimulating demand for potatoes in the international market and for alternate uses in the domestic market.

Assignment 4: Improve appropriate post harvest management and facilities

Around 10% of the potatoes produced are wasted because of improper post harvest handling by farmers and cold storages. The contracted organization will be expected to plan and implement interventions that aim to improve post harvest management services and facilities in the sector.

The applicants should follow the market development approach and aim to create sector-wide impact while proposing interventions under each of the above areas. Proposals may also contain intervention areas (with appropriate description/rationale) outside the above mentioned. Organizations can bid for one or multiple assignments and are to submit their respective proposals consisting of a separate technical and financial bid (for a maximum period of two potato seasons- from mid January 2010 to mid June 2012) in two separate envelopes in one package by 5 pm on the 13th December, 2009.

The proposals should be addressed to the Group Manager, Rural Sectors Group, Katalyst, House#20, Road#6, Baridhara, Dhaka-1212. Please mention the name of the assignment on the envelope. Queries through any medium will not be entertained.
