Government has taken up various measures to make Mongla port, which has been incurring losses for a long time, active and vibrant, port sources and officials said.

The second largest seaport of the country is facing crisis as the number of ships using the port has been decreasing day by day.

Port sources said the port incurred Tk 50.33 crore loss in the last four years.

river to ease vessel movement. Government has given yearly allocation of Tk 10 crore for dredging, he said.

He also said that a project of Tk 100 crore for capital dredging is awaiting approval.
