AMBASSADOR
Head of Delegation
Delegation of the European Union to Bangladesh

It is my pleasure to congratulate Paramount Textile on its formal launching today.

I understand that Paramount has already started exporting its finished fabric to the European Union market. I am confident that this new manufacturing unit of the Paramount Group would be able to best utilise the duty free market access offered to Bangladesh by the EU.

For quite some years Bangladesh readymade garments industry longed for quality fabric produced locally for its growing export market. Your endeavour, therefore, makes a very positive mark in building the backward linkages for the country's most important export sector.

I wish Paramount a very successful journey towards further progress in creating employment and providing new impetus to the economy.
