Bangladesh Number 1 in the PepsiCo World

We are proud. We are humbled.

2009 has been an amazing year for Transcom Beverages, winning three spectacular awards as PepsiCo's exclusive bottling partner in Bangladesh.

We are proud to be a part of PepsiCo, the global Beverage and Food giant with an annual turnover of US\$60 billion. To be adjudged the number one bottler in all 3 levels of recognitions is indeed a proud yet humbling experience.

We are particularly gratified that in today's global corporate world a Bangladeshi company, managed entirely by Bangladeshi professionals has scaled the heights to be bestowed the highest honor in the PepsiCo system with the **"International Bottler of the Year 2009"** award.

This prestigious award was handed over by Donald M. Kendall, co-founder of PepsiCo and Indra Nooyi, Chairman and CEO, PepsiCo to Latifur Rahman, Chairman, Transcom Beverages at Mandarin Oriental, New York City on 25th March 2010.

We are grateful to our millions of consumers in Bangladesh.

We are grateful to our Bangladeshi heritage and winning spirit.
