Computer Technology at Green University

Md. Majibur Rahman Khokon

A meeting to sign an agreement between Green University of Bangladesh (GUB) & Daffodil Computers Ltd. was held on 7th April in the Seminar room of Green University to introduce Computer Technology in university. The meeting was held under the Chairmanship of Prof. Anwarullah Chowdhury, Vice-Chancellor of Green University where the Chairman of University Grants Commission of Bangladesh Prof. Nazrul Islam was the chief guest. Mrs. Shahin Mahbuba Haque Vice-

Chairman of Board of Governors & Treasurer of GUB signed this agreement on behalf of the GUB & her counterpart was Mr. Monir Hossain, Company Secretary of Daffodil Computers Ltd. Once this agreement is implemented, all the teachers, students, guardians and the authorities will be immensely benefitted. The implementation of Computer Technology in the GUB will ensure quality education, better student management, class routine, examination result, semester plan, attendance, evaluation, promotion and library management. All the activities will be conducted by Computer Technology and thus the transparency and accountability will be ensured. The chief guest Prof. Nazrul Islam, Chairman UGC said that the Private University Act. was Promulgated in 1992 and it was a epoch-making decision by the Government of Bangladesh. He expressed his satisfaction that the Green University is going to adopt Computer Technology. He opined that the future generation will have to be well conversant with modern technology. The Vice-Chancellor of Green University said that the University is located in a pleasant environment in an independent building. The Chairman of the Board of Governors of GUB Prof. AKM Fazlul Haque said that by virtue of introducing Computer Technology and by implementing other modern facilities gradually, this university will turn into an A-Grade university in the Country. In her thanks giving address Shahin Mahbuba Haque said that with the help of Govt. and UGC, this university will become a model university. The meeting was attended by the Registrar, Dean, all Chairman, teachers and officials of GUB.

CSE FIESTA at BUBT

THE Department of Computer Science & Engineering (CSE) of Bangladesh University of Business & Technology (BUBT) is going to organize its Annual Mega Program CSE FIESTA for the second time. The major aim of the event is to present the skills of CSE students and highlight their proficiency in ICT to the local and global ICT market. On 19 April, an Inter University Math Olympiad, Inter College Math Olympiad, Gaming Contest (FIFA-09) and Voting For Sundarban will be organised.

On June 10-11 an Inter University Programming Contest will be organised. BUBT believes that as a university its responsibility is to create a competitive and stimulating environment so that students can sharpen their analytical skill. Keeping this point in view BUBT has organised a Math Olympiad for undergraduate level students and HSC/equivalent level students as a part of CSE FIESTA.

BUBT opens a voting line for students and visitors for casting their votes for the Sundarbans to raise the status of this object of natural beauty of Bangladesh to the top of the seven wonders of nature. This will create an enthusiasm among the visitors and students to see their country in a distinguished position.

The Star Campus is the media partner of the program.
