

**Lesson 3B: Describing a place (Class VI-VIII)**  
Developed by: BRAC University Centre for Languages

**Dear friends,**  
How are your studies going on? Hope you enjoyed the lesson on describing people. Can you describe your house, school, and village? Let's go through the page and see how beautiful the places are.

**Hello!** My name is Khokon. This is my house. I live with my parents in this small house. There are a lot of mango and banana trees around my house. I love to hear birds singing early in the morning. My mother raises hens and ducks and we get eggs from them. We have a small garden beside our house. There are many flowers like china rose, jasmine, marigold, night queen, etc. The flowers smell very sweet. There is a big pond in front of my house. It looks very beautiful when ducks swim in the pond. The water lilies are also very charming. I love my house very much.

**B. Now, look at the picture of Khokon's room and put a tick (✓) on the correct option:**

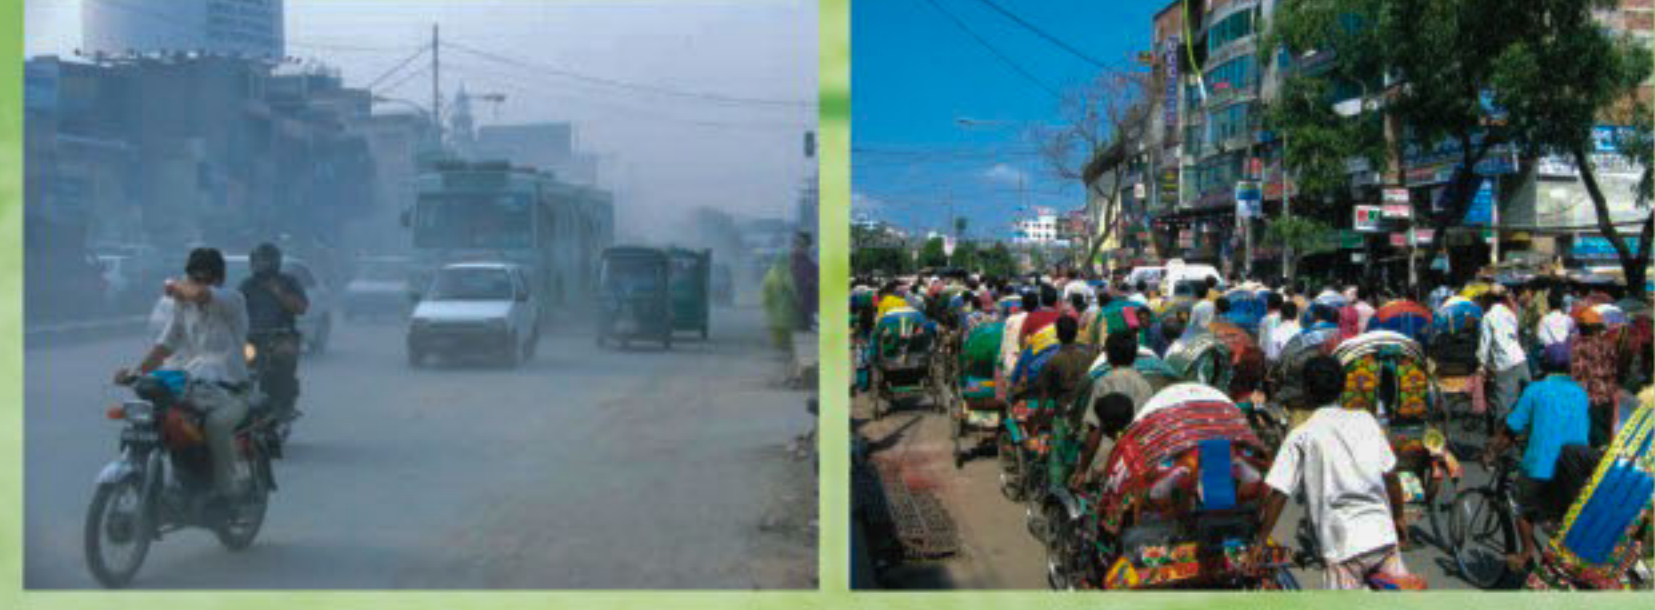

I share my room with my sister and brother. There is / there are one reading table and three chairs in our room. There is/ there are two windows in the living room, but there aren't/ there isn't any air conditioner. There are/ there is a dictionary in the bookshelf but there isn't/ there aren't any English magazines there. There is/ there are some toys in our room but there aren't/ there isn't any television there.
