3-yr study on South Asian water security

DIPLOMATIC CORRESPONDENT

Three institutions of South Asia will jointly carry out a three-year study on water security and related issues that surfaced due to increasing urbanisation and global climate change.

Bangladesh University of Engineering and Technology (Buet), Nepal Engineering College and India-based South Asia Consortium for Interdisciplinary Water Resources Studies will carry out the study on water security and adaptation in Kathmandu of Nepal, Hyderabad and Gurgaon of India and Khulna of Bangladesh.

The three institutions will form the action plan of the study by identifying the most vulnerable class to water security and technical and organisational aspects to minimise its impacts on the selected areas.

International Development Research Centre of the Canadian government has agreed to provide physical, technical and academic support for the study.

HC stays Milon's property attachment order

STAFF CORRESPONDENT

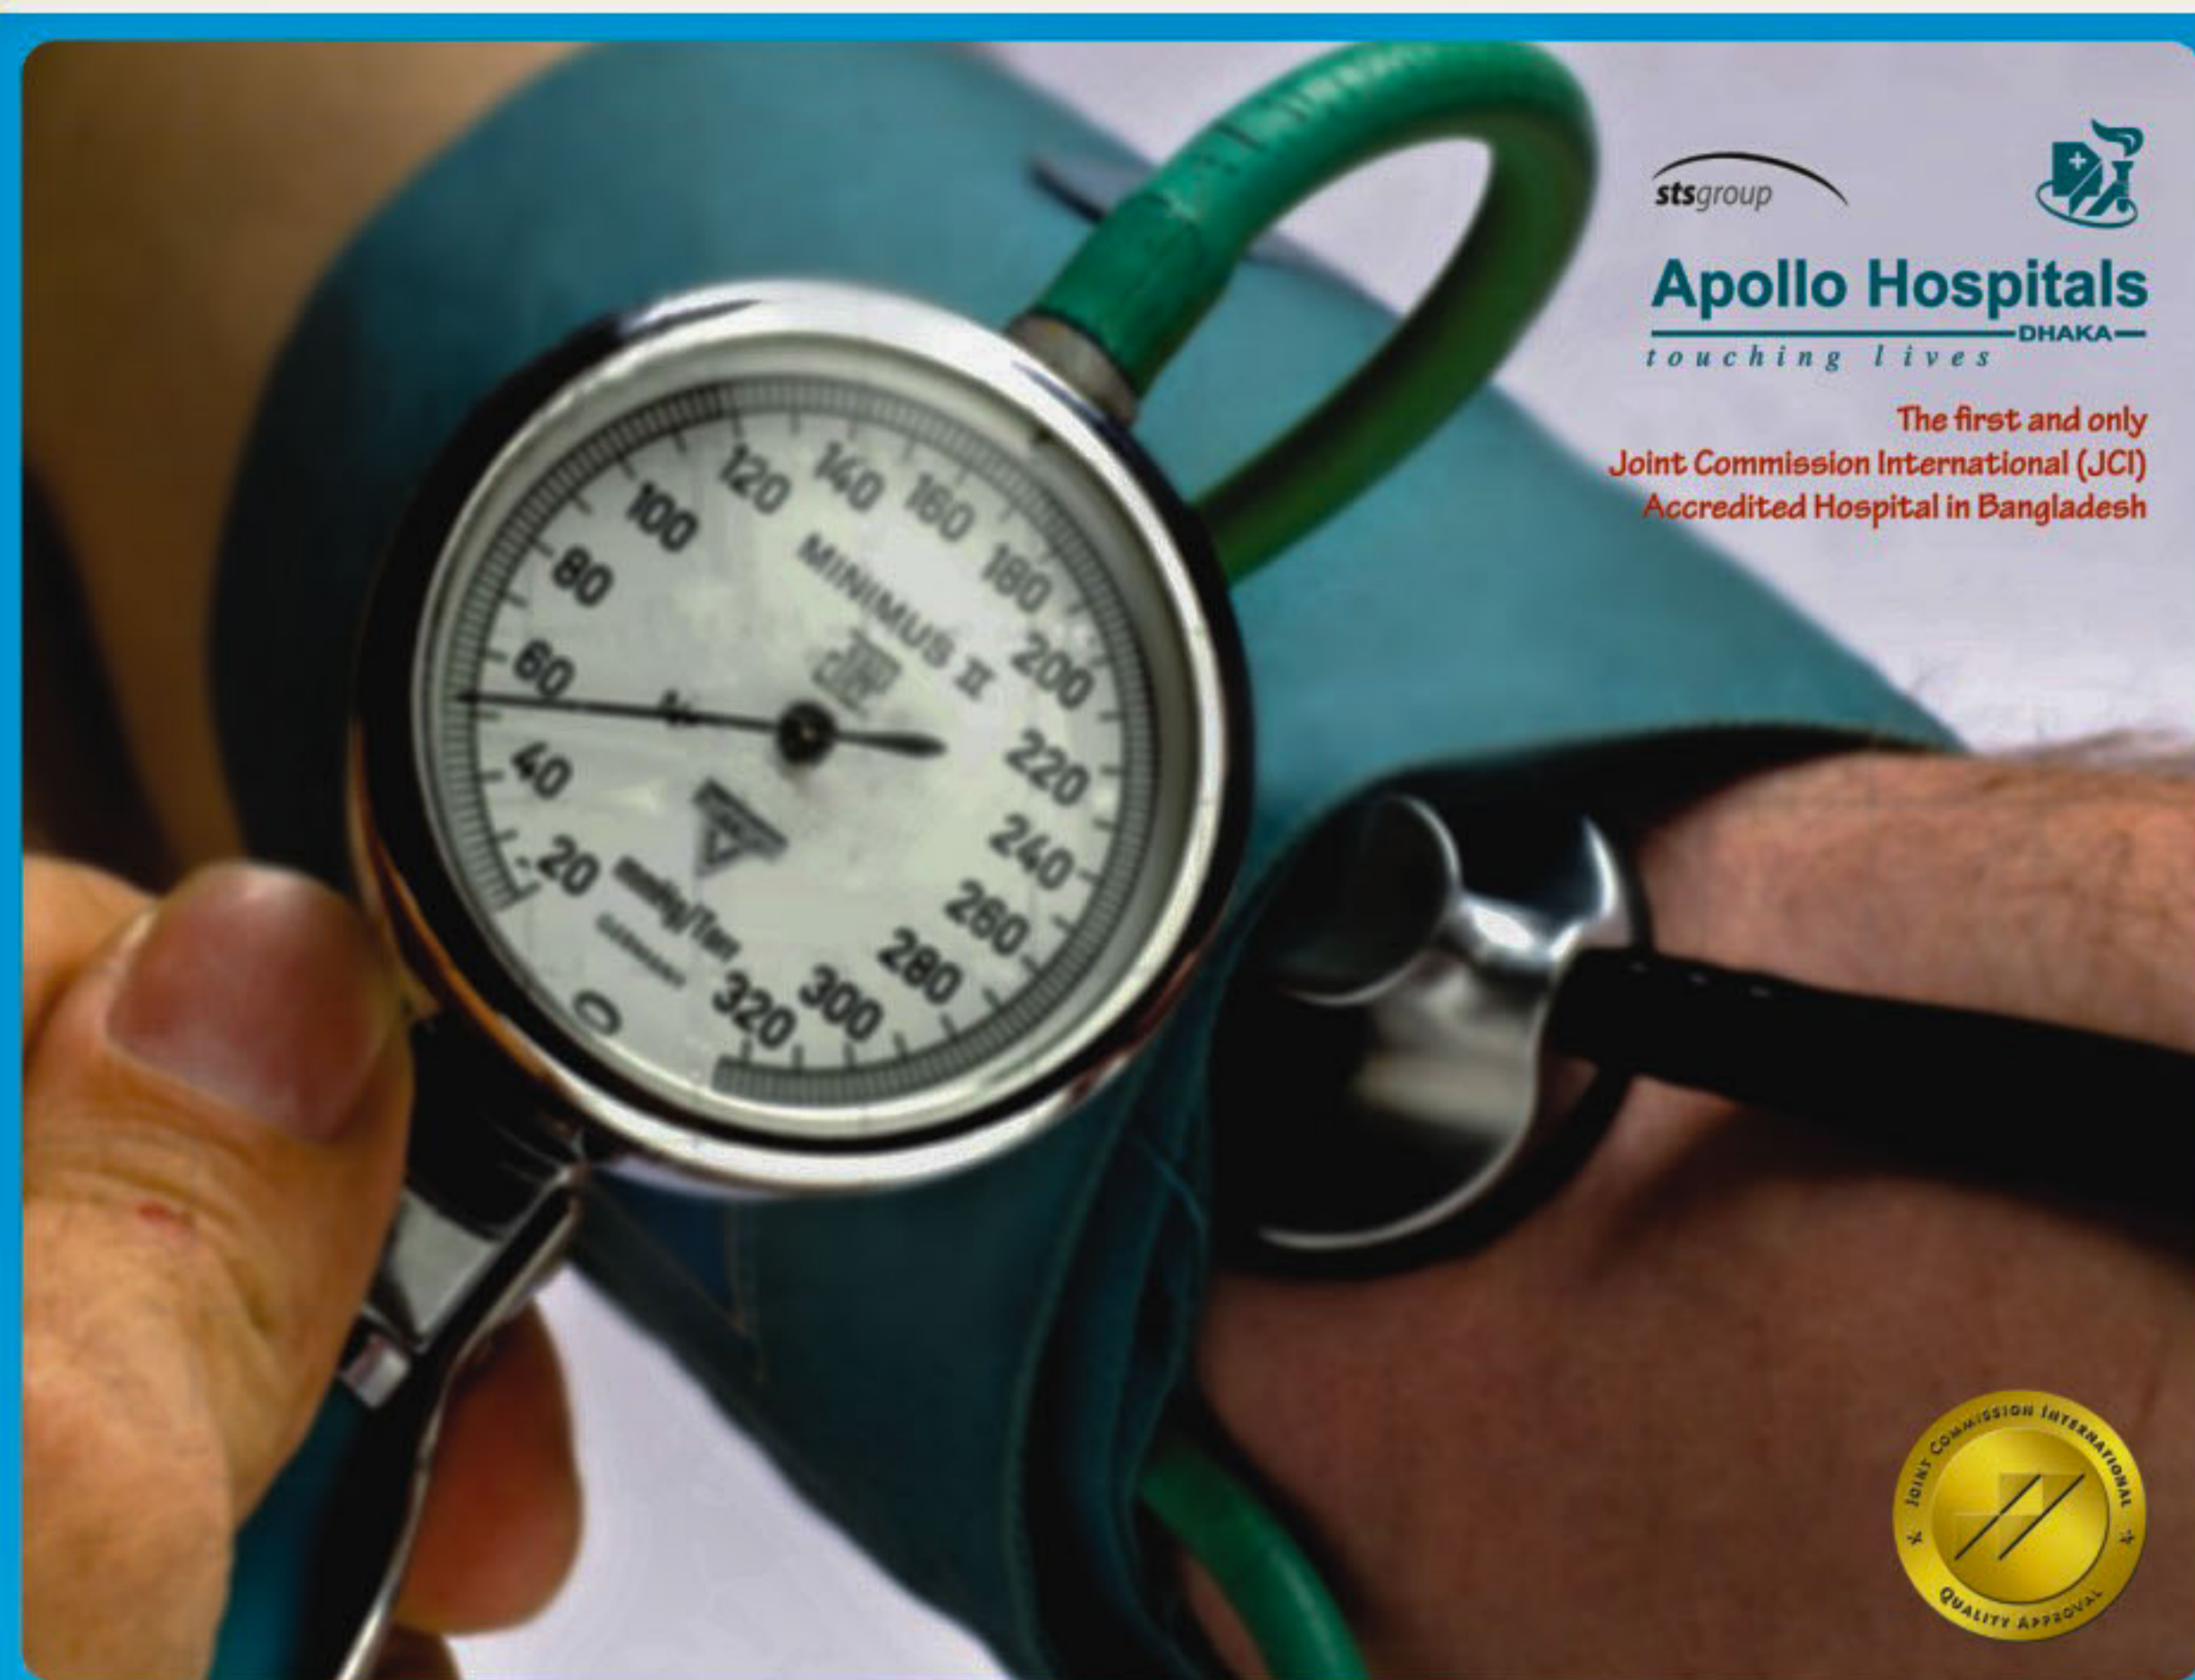

The High Court (HC) yesterday stayed for three months a trial court order that directed the authorities concerned to confiscate the properties of former BNP state minister ANM Ehsanul Haque Milon.

A Chandpur court on July 8 this year directed the officials concerned to attach the properties of Milon in connection with a certificate case filed against him under the Public Demand Recovery Act.

An HC bench of Justice Mamnoon Rahman and Justice Syeda Afsar Jahan yesterday also issued a rule upon the government to explain within four weeks why the case against Milon should not be quashed and the order of property attachment declared illegal.

The bench came up with the order following a writ petition filed by Milon challenging the filing of the case against him and the trial court order.

Another HC bench of Justice Syed Muhammad Dastagir Husain and Justice AKM Zahirul Hoque, following a bail petition by Milon, yesterday granted ad-interim bail for three months to him in an extortion case filed in Chandpur in July this year.
