

DWELLERS TAKE ADVANTAGE OF TRANQUILLITY

Hundreds of thousands of colourfully dressed men, women and children converged at different centres for entertainment in the city during the three-day long eid holidays. Many waited for hours in long queues to access the Dhaka Zoo and the Shishu Park. Children in colourful dresses frolicked and enjoyed rides at the Shishu Park. At the Zoo, hundreds lined up to have a ride on the elephant. Big crowds kept gazing at the Royal Bengal Tigers and the new born cubs.

Deprived of outdoor entertainment due to notorious traffic congestions and lack of playgrounds, families, mostly from the lower and middle-income groups thronged the amusement centers. The well-to-do families of the city in their thousands converged at the privately owned amusement parks of Nandan, Wonderland and the Fantasy Kingdom.
