agrees entirely with his colleague on this point. "We give a lot of attention to students," he says. "We spend about 6 to 7 hours a day in our offices outside of class, where students can come meet us."

The Master of Finance MBA programme, which Dr Mahmoud is a part of teaching, is one of Saint Mary's most popular study options, particularly for international students. Started relatively recently, the programme was designed to meet the ever-changing demands of the business world. As Dr Mahmoud Explained, "nowadays business is getting more complicated, and employers want more specialisation. So this programme is for people who want to work in finance in more specialized fields whatever that may be."

With a wide variety of tailored courses and study streams available within the Finance MBA, fields the programme can prepare students to specialise in investment banking, asset management, private equity, corporate banking, or industry finance. Other programs within Saint Mary's Sobey School of Business also include a Bachelor of Commerce option, MBAs, and PhD programmes with a large list of majors (and work experience, or "co-op" programs) available to students pursuing business studies.

A wide range of undergraduate and graduate-level majors is also available within the Faculty of Science and the Faculty of Arts; students have access to many degree options (and later on, career choices!). For example: Chemistry, Computing Science, Geology, Forensic Sciences, Criminology,
