**Invitation for Submission of "Expression of Interest (EOI)" from Research Institution/Consulting Firm for Conducting Operational Research on "Reducing Gender Inequalities in Utilization of Urban PHC Services and Identification of Needs of Adolescent Girls" under UPHCP II**  
 [Package # S11]

Memo No: UPHCP-II/PMU/2010/Research/6-1(Package # S10 & S11)/4124 Date: 28/09/2010

The Government of the People's Republic of Bangladesh has received a loan and a grant from the Asian Development Bank (ADB), co-financing from the United Kingdom's Department for International Development (DFID) and Swedish International Development Agency (SIDA) and parallel co-financing from the United Nations Population Fund (UNFPA) and ORBIS International [Loan 2172-BAN(SF), Grants 0008(SF), 0009 and 0010-BAN] towards the cost of the Second Urban Primary Health Care Project (UPHCP-II), and it is intended that a part of the proceeds of this financing will be applied to eligible payments under the contract for Operational Research.

The Local Government Division, Ministry of Local Government, Rural Development and Cooperatives, is the Executing Agency. Six City Corporations and five Municipalities (Bogra; Comilla; Sirajgonj; Madhabdi; and Savar) are the implementing agencies of this project. UPHCP-II is expected to close in December 2011.

The Project Management Unit (PMU) of the Second Urban Primary Health Care Project (UPHCP-II) invites Expression of Interests (EOI) from reputed research institute/firms from ADB member countries (registered in Bangladesh) for short listing for the services in order to conduct Operational Research (OR) under the following thematic area: "Reducing Gender Inequalities in Utilization of Urban PHC Services and Identification of Needs of Adolescent Girls". The Research Institution/Firm will conduct/carry out the research on the abovementioned area by following the grounds/instruction mentioned below:

Reducing gender inequities in use of health services is a major challenge in the provision of equitable urban PHC. Likewise, better understanding of the adolescent health needs – both male and female – is key to the introduction of effective HIV/AIDS and STI control measures. The OR will attempt to find effective ways to reduce gender inequities in health service utilization. In addition, through both qualitative and quantitative research, the OR will attempt to identify the health needs of adolescents and ways to enable adolescents to access public health services provided by UPHCP-II. It is expected that the slums and areas having squatters including such major areas of the project shall be covered by in the Operational Research (OR). The research should be completed within 6 (six) months period involving 5 (five) experts for a total of 30 (thirty) person months (the consultants expected to spend all their time in Bangladesh).

The operations research study will include a dissemination plan that generally encompasses seminars at appropriate administrative levels in the area where the study was carried out, and a variety of ways to reach a larger audience such as monographs of research results, presentations at international conferences, and summaries in the UPHCP-II newsletter and on the UPHCP-II World-Wide-Web (www.uphcp.org) page.

Interested Research Institutions/Firms are requested to submit Expression of Interests (EOI) in the EOI submission template. The EOI should be substantiated by attachment of necessary printed brochures showing organizational identity & background, financial standing, past experience in and academic background etc. and an inventory of past and present assignments of similar nature and other information that must show the consultants ability to carry out the assignment satisfactorily. In case of alliance/consortium/joint venture, all members of such entity should have real and well-defined inputs to the assignment.

Quality and Cost Based Selection (QCBS) procedures will be followed for the selection of the research institution(s)/firm(s). The institution(s)/firm(s) will be engaged in accordance with the guidelines on the use of consultants by ADB and its borrowers (February 2007) and the Public Procurement Rules (PPR), 2008. Interested firms may obtain additional information from the PMU office of UPHCP-II during office hours.

The EOI must be submitted according to the ADB's prescribed template (www.adb.org/consulting/toolkit.asp). The EOI Notice, Terms of Reference and EOI submission template will be available in the project's website (www.uphcp.org). Interested institute/firms may also get detailed information and related documents from the website/office of the undersigned on or before seven days of last date of submission. The EOI should be submitted in a close envelope to the address of the client (UPHCP-II) as mentioned below. Name and address of the firm, Contract Package Number, title of the research shall be clearly marked on the outside of envelope. If the envelopes are not sealed and marked as required, the client will assume no responsibility for the misplacement, or premature opening of the EOI.

The EOI with supporting documents must be submitted in the EOI submission template to reach the following address not later than 12.30pm (Bangladesh Time) on 14/11/2010.

**Project Director**, Second Urban Primary Health Care Project (UPHCP-II),
