Tamim Wisden
Cricketer's Test
Player of 2010

WISDEN CRICKETER RELEASE,
London

Dashing Bangladesh opening batsman Tamim Iqbal has been selected as the Wisden Cricketer's World Test Player-of-the-Year for 2010. Tamim heads a field of exceptional performers, beating England's outstanding off-spinner Graeme Swann into second place by the narrowest of margins and India's Virender

TIGERS ROAR *like never before*

New Zealand were still nine runs short of the target when Williamson heaved Shafiqul Islam into the hands of Rokibul Hasan. With the last wicket, on any other day, this would just have been a regulation, if rare, Bangladesh victory. But yesterday, in the fading light at the Sher-e-Bangla National Stadium in Mirpur, this meant so much more.

Bangladesh have been playing ODI cricket for nearly 24 years. It is a period that has largely been one of suffering. But with one simple catch in the deep, all those years of hurt evaporated in a whiff.

With the first ever series victory over a top ranked opposition, yesterday's success was the moment every fan and player had been waiting for; this is the zenith for the Tigers.

Thus, we at The Daily Star Sport, congratulate the Bangladesh cricket team on their crowning achievement. Well done Tigers!
