Pre-qualification Document
Section 1: Notice and Invitation
Notice for Submission of Proposal to Pre-qualify for the Implementation of a Floating LNG Receiving Terminal and Associated Facilities to Receive LNG and Deliver Natural Gas in the Transmission Grid Under Build-Own-Operate-Transfer (BOOT) Concession Agreement at Maiskhali Island, Cox's Bazar, Bangladesh

Invitation Ref. No. 32.07.35(12) Date: 01 November 2010

Having been authorized by the Government of the People's Republic of Bangladesh (GOB), Bangladesh Oil, Gas & Mineral Corporation (PETROBANGLA) intends to select a potential sponsor (the "Project Sponsor") to develop an offshore LNG Terminal & Associated works (the "Project") on a site that will be owned by PETROBANGLA. The LNG receiving terminal shall be executed through a Build-Own-Operate-Transfer (BOOT) concession agreement (the "Concession Agreement") according to which a license shall be granted to the successful bidder for a period of 15 years (all together -- the "LNG Project"). At the termination of the concession and license period, the LNG receiving terminal shall be transferred to the GOB at no cost.

The project sponsor will be selected through an international competitive bidding process from a pool of applicants (the "Applicants") who meet the criteria set forth in this pre-qualification document. The selected project sponsor will be required to arrange the necessary financing and to execute the key project components for the project.

PETROBANGLA seeks to pre-qualify interested offshore LNG terminal project developers who have previous international experience in implementing LNG terminal projects, and invites interested developers to submit qualification statements in accordance with the criteria set forth in this pre-qualification document. Only applicants who's qualification statements demonstrate that they meet all the criteria set forth in this pre-qualification document will be invited to submit bids for the project. This pre-qualification document (and any amendments thereto) will be available at the PETROBANGLA website: www.petrobangla.org.bd.

Interested developers intending to submit a qualification statement to PETROBANGLA should visit PETROBANGLA's website on a regular basis to ensure that they are familiar with any amendments or modifications to the pre-qualification document, which amendments or modifications shall be binding on the applicants and their qualification statements if such amendments or modifications are posted on PETROBANGLA's website not later than 72 hours prior to the pre-qualification closing date.

Applicants should submit to PETROBANGLA their qualification statements during normal business hours, together with a non-refundable processing fee of US\$ 500 (or Bangladesh Taka 35,000) in the form of an international Bank Draft en-cashable at any scheduled bank in Bangladesh or in the form of a local Bank Draft, made payable to "Director (Planning), PETROBANGLA", at or before 12:00 hours Bangladesh Standard Time on 30 December, 2010 (the "Pre-qualification Closing Date"). Any query to be considered by PETROBANGLA for a response must be received from applicants no later than 30 days before the pre-qualification closing date and all completed qualification statements shall be submitted not later than the pre-qualification closing date, in each case in writing to:

PARTICULAR INFORMATION

12	Project/programme code	None.
13	Project/programme name	None.
14	EOI closing date and time	30/11/2010 at 11.30am.

INFORMATION FOR APPLICANT

15	Brief description of assignment	BCIC has taken up a project for implementation of Shahjalal Fertilizer Factory at Fenchuganj, Sylhet for production of 1760 MT Granular Urea a day (i.e. 5,80,800 MT a year) by a General Contractor (GC) to be appointed on turn-key basis very soon. The Ammonia-Urea Complex must be of internationally cutting-edge state of the Art technology having most reliable and cost effective performances with special reference to: i) Should follow the best design and engineering practices of the modern times. ii) Should follow latest codes and standards of the present time of the reputed process licensors. iii) Best available equipment manufacturers should be chosen at the advices of the process vendors who would certify best possible performance of their process requirements. iv) Consultants should ensure that energy efficient process and equipment are chosen for performance of energy efficient plant. To ensure these basic feature of the project implementation, BCIC needs to appoint an experienced firm of high profile experts to render consultancy services throughout the project implementation period of about 36 months. Consultant's responsibility shall be mainly to ensure compliance of these basic features by the General Contractor and thus the consultants are required to: i) Examine the design, codes and standards & engineering plan to be submitted by the GC and ensure necessary correction/modifications, if any. ii) Check and ensure that delivery of all the machineries and equipment are made according to the internationally accepted quality and standard what is exactly required. iii) Check and monitor the erection and installation works of the GC. iv) Consultants shall be needed to check performance of each equipment and closely monitor all critical steps leading to final acceptance. As such bonafide and reputed international firms are hereby invited to submit proposals. 1) Background of firm(s) with detailed brochure to be submitted along with authentic document and proof of each and every credit criteria (any statement without such evidencing documents will be of no use) mentioning their facilities and areas of expertise. 2) General and Overall experience of the firm. 3) Description of similar assignments. 4) Experience in similar operating conditions. 5) Overseas experience of similar assignments. 6) Availability of appropriate experienced and professionally qualified persons/experts among the staff and resources to carry out the assignment (CV of each such experts must be submitted). 7) Administrative commercial and financial capability. List of the experts and staff with qualification are to be proposed to work in the project. Failure to submit the above information and condition, the offer will be non-responsive. As the assignment is of highly technical importance, technical demonstration supported by acceptable evidence of the bidders suitable for the project will be duly emphasized for determining responsiveness of the bids.
16	Experience, resources and delivery capacity required	1) Background of firm(s) with detailed brochure to be submitted along with authentic document and proof of each and every credit criteria (any statement without such evidencing documents will be of no use) mentioning their facilities and areas of expertise. 2) General and Overall experience of the firm. 3) Description of similar assignments. 4) Experience in similar operating conditions. 5) Overseas experience of similar assignments. 6) Availability of appropriate experienced and professionally qualified persons/experts among the staff and resources to carry out the assignment (CV of each such experts must be submitted). 7) Administrative commercial and financial capability. List of the experts and staff with qualification are to be proposed to work in the project.
17	Other details	1) Interested firms may obtain further information on all working days during office hours from 10.00hrs to 16.00 hours from the office of the undersigned. 2) A short list of the consultants will be made as per submitted information requested in the EOI notice.
18	Association with foreign firm	International Foreign Consulting Firms alone or in association with the really competent local consultants are encouraged to participate.
