Notice

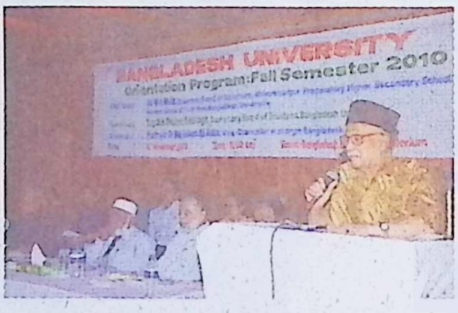

Dear Contributors,
We would like to request you to send us your Newsroom materials, press release, articles and photo features by Monday of each week. The Newsroom write-up should be limited to 350-400 words and a picture in JPEG format has to be attached as well. As for other articles the word limit is 1000. The photo features should be of good resolution and all the photographs should have a definite theme to which we can relate. Moreover, we would also request you to send us your full name with your article, your address, your contact number and also the institution that you are representing.

Star Campus Team

BU Freshers' Orientation

BANGLADESH University organised a new kind of orientation for its Fall 2010 Freshers on November 8 at its Mohammadpur Campus. In the programme Mr. M. A. Malik, Member Board of Trustees, Bangladesh University was present as chief guest. Engr. M.A. Ghulam Dastagir, Secretary, Board of Trustees, Bangladesh University was present as special guest. Prof. Dr. Golam Ali Fakir, Vice-Chancellor in-charge Bangladesh University Chaired the programme.

Prof Mustafa Kamaluddin welcomed the students and guests. Mr. M. A. Malik in his address asked the students to achieve the horizon of knowledge and to enjoy the real human life. Engr. M.A. Ghulam Dastagir highlighted different facilities available in the university. Vice-Chancellor in-charge Prof. Dr. Golam Ali Fakir finally advised the students to have personal initiative and to take advantage of all the modern scientific facilities offered by Bangladesh University. Head, Dept. of CSE Mr. Sadiq Iqbal, Head and Dept. of Business Administration Prof. Dr. Rowsan Kamal spoke on the occasion among others.

The faculty members and the students were present in the programme. The BU Controller in-charge Md. Abu Hanif Kahn, Assistant Registrar Mr. Shohel Ahsan Nipu and Mr. Alauddin Ahmed were also in attendance.

Int'l Seminar on "Research structure-methodology" held at RU

AN international seminar title on "Research structure and methodology" was held at the Department of Zoology of Rajshahi University (RU) arranged by the Department for International Development and British Council financed DELPHI R-4 project on November 7. The speakers stressed on the proper methods and structure of the research so that all the research works get international status. The researchers of the public universities of Bangladesh should follow the rules and be careful regarding the research methodology and structure.

A researcher of Bangor University and Royal Botanical Garden of United Kingdom named Shofi William presented two keynote papers in the seminar on "Hypothesis Testing and Experimental Design" and "Field Methods for survey and Ethic in Conversation Research". In the seminar Professor Zahidul Hasan, Dean of Life & Earth Science. Faculty and the Chairman of the Zoology Department Professor Saodagor Mahfujur Rahman and the coordinator of the project Professor Bidhan Chandra Das were present at the seminar.

IUB Culture

On November 2 at Independent University Bangladesh was at a musical frenzy. A daylong cultural programme organised by the students from Department of Media and Communication kept the entire campus excited and entertained round the day. On the occasion of the university shifting to its new campus soon as well as celebrating the positive vibe and many achievements of the Media and Communication majors and minors, the cultural show incorporated a play (by IUB Theatre), band performances (by students from Department of Engineering) and several songs and dance numbers. Dr. G M Shahidul Alam, Head of Dept. of Media and Communication were present there as well.
