Seminar on Climate Change & Food Security

STATE Minister for Science, Information and Communication Yeafesh Osman on November 7 said that through development of environment friendly technologies, the prevailing crisis in agriculture sector due to climate change can be minimized. The seminar was organised by BAU Ph.D Students Association

Mymensingh State Minister Yeafesh Osman addressed the seminar as chief gust.

As climate change is now a burning issue throughout the world, so the development of information technology is a must to save ourselves from the wrath of nature and natural calamities, said the minister while inaugurating a day long seminar titled 'Climate Change & Food Security' at Shaheed Syed Nazrul Islam Conference Hall of Bangladesh Agricultural University (BAU) as chief guest.

The maximum use of climate in proper way can gear up our agricultural production needed to gain food security for the huge number of population, said the minister. As Bangladesh is depended on agriculture, so there is no alternative for us to face the climate change situation with modern technologies, the minister concluded.

The inaugural session was also addressed among others by Professor Dr. M. Amanuallah, MP, Principal Motiur Rahman, MP as special guests. BAU Vice-Chancellor Professor Dr. M. A. Sattar Mandal was the chief patron while Professor Dr. M. Golam Shahi Alam, Coordinator, Committee for Advanced Studies & Research at BAU presided.

Professor Dr. Abdur Rahman Sarker presented a keynote paper regarding the seminar. President of Ph.D Students Association Abul Khair delivered the welcome speech.

Later the minister formally inaugurated the website of Ph.D Students Association.
