

APPOINTMENT OF 85 UZ ELECTION OFFICERS SC upholds order of chamber judge

STAFF CORRESPONDENT

The Supreme Court (SC) yesterday upheld its chamber judge's order that stayed a tribunal verdict directing the Election Commission (EC) to reinstate 85 upazila election officers.

The election officials, appointed during the last BNP-Jamaat alliance government, cannot be reinstated now following the SC order.

The Administrative Appellate Tribunal on April 12 this year, in a verdict, directed the EC to reinstate 85 upazila election officers.

The EC terminated the election officials during the regime of military-backed caretaker government on the grounds that they were appointed on political consideration.

Following a petition filed by the government, the chamber judge of the Appellate

Division on June 25 stayed the tribunal's verdict and asked the government to file a regular leave to appeal petition with the court.

A three-member bench of the Appellate Division headed by Chief Justice ABM Khairul Haque yesterday passed the order after granting the leave to appeal petition recently filed by the government against the Administrative Appellate Tribunal's verdict.

The apex court permitted the government to move a regular appeal with this court against the tribunal's judgement.

It fixed February 22 next year for hearing the regular appeal and said the chamber judge's order will continue till the disposal of the appeal.

Attorney General Mahbubey Alam appeared for the government and Advocate Salahuddin Dolon argued for the election officers.

Sahara bins TIB report

STAFF CORRESPONDENT

A recent survey report by Transparency International Bangladesh (TIB), which ranked the police administration as the most corrupt institution in the country, was "ill-intentioned", said Home Minister Sahara Khatun yesterday.

During such a crucial time with the ongoing war crimes trial and World Cup Cricket coming up, police are playing an important role in ensuring law and order, she said while speaking at the inauguration of Police Blood Bank at Central Police Hospital in the city's Rajarbagh.

The report was prepared with an aim to undermine the law enforcers and create instability in the country, she added.

TIB on Thursday revealed its public opinion survey report which ranked police as the most corrupt institution in the country.

Sahara said it was not proper to term an opinion of only 1,049 people "public opinion" in a country of 16 crore people.

Deputy Inspector General (Finance) of Police Headquarters Mainur Rahman Chowdhury, who was also present, termed the survey report 'baseless' demanding immediate apology from the institution concerned.

Health Minister Dr AFM Ruhul Huq in his speech said police department should recruit

doctors and nurses in the department instead of depending on the health ministry.

"The doctors, who are posted in ill-equipped police hospitals, lose their motivation," he said, adding, "These hospitals should be better equipped to provide basic treatments as police personnel are at risk of sustaining frequent injuries".

Currently, thirteen units are functioning in the hospital and four more units including an Intensive Care Unit and a Cardiac Unit will be introduced soon.

Police Blood Bank will create a database filing blood groups of police personnel so that blood can be provided during emergencies.

It will also conduct blood transfusion services across the country and form a blood donor club.

The donors will get blood without processing fees during the time of need. The family members of donors like parents, spouse and children will be entitled to receive blood after paying a processing fee, a facility the donor will enjoy throughout his lifetime.

Dhaka Metropolitan Police Commissioner Benazir Ahmed presided over the programme while Inspector General of Police Hassan Mahmood Khandker was also present.
