Mufti Izharul Islam Chowdhury, detained president of a faction of Islami Oikyo Jote (IOJ), is the spiritual leader of five alleged Harkatul-Jihad-al-Islami (Huji) operatives arrested recently from a hilltop training camp in a Raozan forest, said police yesterday.

"He [Izharul] has close links with the five arrestees who worked as per his directives," Nikhil Chandra Mandal, officer-in-charge (OC) of Raozan Police Station told The Daily Star.

The IOJ leader was shown arrested yesterday in a case filed under the Anti-Terrorism Act 2009, added the OC.

The act provides for punishment of members and patrons of banned militant outfits.

Target India, China after landmark meeting of Manmohan, Wen Jiabao

BBC ONLINE

Indian and China have agreed a new \$100 billion bilateral trade target by 2015, up from \$60 billion in 2010.

The two sides agreed to take measures to promote greater Indian exports to China, to reduce India's trade deficit.

Companies have already signed business deals worth \$16 billion on the opening day of Chinese PM Wen Jiabao's three-day official visit to India.

The latest of a number of world leaders to visit India, Mr Wen is accompanied by some 400 Chinese business leaders.

China is India's largest trading partner.

**MILITARY BUILD-UP** A joint communique signed by the two sides yesterday said that they had agreed to expand co-operation in infrastructure, environment, information technology, telecommunications, and investment and finance.

It said that both wanted "to draw on each other's strengths and pursue mutual benefit and win-win results".

Assange free on bail

BBC ONLINE

The founder of whistle-blowing website WikiLeaks, Julian Assange, has been set free on bail.

The 39-year-old was granted conditional bail on Tuesday but prosecutors objected.

He is fighting extradition to Sweden over sex assault allegations made by two women. He denies any wrongdoing.

Mr Justice Ouseley ordered Mr Assange be released on payment of £240,000 in cash and sureties and on condition he resides at an address in East Anglia.

He will be staying at a manor home on the Norfolk-Suffolk border owned by Vaughan Smith, journalist and owner of the Frontline Club in London.

Mr Assange's solicitor, Mark Stephens, said after the court appearance the bail appeal was part of a "continuing vendetta by the Swedes".

TEXTBOOK DISTRIBUTION Jan 1 deadline set to be missed

Blame on a local printer

WASIM BIN HABIB

Free distribution of a portion of the total textbooks to primary students is likely to miss deadline due to a local printer's failure in printing books on time.

Only fifteen days are left to start the textbook distribution, but Sarkar Group, the local printer that won the contract of printing 10 percent or 2.08 crore copies of the total primary books, is yet to deliver 45 percent of the copies as of yesterday, officials said.

Its deadline, however, ended on Wednesday. Sources said a syndicate of press owners close to the Sarkar Group is manoeuvring the delay to create a shortage of textbook. The printers will get an opportunity to sell illegal guidebooks during the artificial crisis.

Sarkar Group is entrusted with printing books to be distributed in Dhaka city.

When the group submitted tender documents they claimed competence in the job, but actually the group has a capacity of printing only 1.50 crore books, said an official of NCTB.

The NCTB already relieved Sarkar Group of printing 30 lakh copies and given the responsibility to another printer.

Contacted, Abul Kalam Swapan, one of the proprietors of Sarkar Group, claimed they are working as per the working order and have already given around 1.50 crore copies of books so far.

He told The Daily Star yesterday, "We will complete the task within this month."
