Request for Expression of Interest (EOI)

Government of Bangladesh (GOB) and Dhaka WASA have jointly taken a project for Construction and Rehabilitation of sewer lines & re-construction of sewage lifting stations at Hazaribagh and Nilkhet including installation of 6 Nos. sewage lifting pumps with accessories and control panels. Sponsoring Ministry/Division of the project is the Ministry of LGRD and Cooperatives (Local Govt Division) and Executive agency is Dhaka WASA. The main objective of the project is to improve safe and hazardous environment for the city dwellers by improving the sewerage system with expansion and rehabilitation of the existing sewer lines to put the system into normal operational level. With the rehabilitation of the existing old (broken, clogged) sewer lines at different areas in the city in order to bring the system into proper functional conditions which helps to remove sewage overflow, thus will maintain pollution free environment. Another objective is to construct new sewer line in some areas which are very near to the existing sewerage network. Total estimated cost of the project is Taka 8389.20 lac (eighty-three crore eighty-nine lac & twenty thousand) only. Commencement date of the project is July 2010 and the date of completion is December 2012.

Dhaka WASA invites eligible Bangladeshi Engineering Consulting firms to submit their Expression of Interest (EOI) for providing the required services. Consultant will work under the directive and guidance of the Deputy Managing Director RP&D, Dhaka WASA and the Project Director of this project.

Terms of Reference (TOR) and scope of services of the consultant

- Making proper selection, design, drawing including piping works and control panels for installation of sewer pumps- 6 nrs.
 - Doing site survey and making detail design/drawing, preparing tender documents for construction of sewer line including site supervision & as-built drawing preparation-21.30 km (Length may be less depending on the actual situation).
 - Doing site survey and making detail design/drawing, preparing tender documents rehabilitation of sewer line including site supervision & as-built drawing preparation-37.25km (Length may be less depending on the actual situation).
 - Preparation for detail construction drawing for rehabilitation/reconstruction of sewage pump station-2 nrs.
- Scope of service**
Dhaka WASA has intention of employing experienced engineering consulting firm with a view to implement the project. The design and drawing part of the consultant services would be completed within 6 (six) months time span and will review the existing situation and will prepare detail design, bidding documents etc. but not limited to the following.
- Make detailed survey, design and drawings for the new 21.30km (Actual length may be less than as mentioned) sewer line based on GIS.
 - Detailed survey, design and drawing for 37.25km (Actual length may be less than as mentioned) of sewer line those will be rehabilitated.
 - Make detailed survey, design and drawings of sewage lift station for reconstruction and replacement of sewer pumps at Hazaribagh & Nilkhet sewer lift station.
 - Making technical specification and tender documents for procuring and installing sewerage pumps.
 - Monitoring and supervision of the whole works under this project.
 - Preparation of as-built drawing after completion of the works.

Studies, preparation detailed design and bidding documents

The assignment shall comprise of the activities related to the preparation of the project namely "Interim Urgent Sewerage Construction & Rehabilitation Project-2". The components of the project those will be addressed but not limited to are given below:
Preliminary engineering studies of the sewer lines and examination of need assessment for any comments of the sewerage system and sewage lifting pump stations, etc.
Conducting geo-technical studies as required for preparation of detailed engineering design (DD), drawings, BOQ and bidding documents (BD).
Interested consultants must provide information indicating that they are qualified to perform the services (brochures, description of similar assignments, experience in similar nature of job, availability of skilled staff, etc). The EOIs would be reviewed on the basis of the followings to prepare a short list:-
a) Registration of consultants.
b) Age of consultant in business.
c) Strength of payroll staff.
d) Availability of key professionals.
e) Availability of resources.
f) Experience of consultant in similar task.
g) Support services of the consultant.

Consultants may associate to enhance their qualification but should mention whether the association is in the form of a joint venture or of sub-consultancy. In the case of an association, all members of such association should have real and well-defined inputs to the assignment. The total number of firms in such association should be of maximum two and must indicate which the lead firm is. Local engineering consulting firms may form association with foreign engineering firms also but local firm must be the lead firm for such association. It may be mentioned that payment under this assignment will be made in BDT (Bangladesh Taka).
Interested consultants can obtain further information from the office of the undersigned office at office hour.

EOIs must be delivered to the address below by 17/01/2011 within office hour (9.00am to 5.00pm). EOIs received after the last date and time of submission will not be considered for short listing.
The authority reserves the right to accept or reject any or all EOI proposal either in parts or in full without assigning any reason, whatsoever.
