*Marches with time*

**Honorable Prime Minister**  
People's Republic of Bangladesh

I am happy to learn that Green Delta Insurance Company (GDIC) is going to celebrate its 25th anniversary on 01 January 2011.

During our 1996-2001 tenure we took initiatives to develop our insurance sector to face the challenges of globalization and liberalization of trade and services. We brought dynamism and competitiveness in the sector. As a result business houses and other stake holders have been getting better insurance services. GDIC also is in the same suit.

I extend my best wishes to Green Delta Insurance Company on this auspicious day.

# Celebrating 25 Years of Successful Journey

**Honorable Minister**  
**Ministry of Finance**  
People's Republic of Bangladesh

I am very happy to learn that Green Delta Insurance Company is celebrating its Silver Jubilee on January 01, 2011.

Among the few, it was the first national private sector insurance company in Bangladesh.

On this occasion, I remember Late Mr. Shafat Ahmed Chowdhury, the first actuary of Bangladesh, who was instrumental in setting up both Green Delta and Delta Life Insurance Companies. Green Delta however truly is an institution organized, built and developed by its founding Managing Director, Mr. Nasir Ahmed Choudhury, who is still serving the company with great dedication and excellent record.

The insurance sector particularly in non-life business has attained considerable maturity over the last 25 years. Green Delta has richly contributed to the growth of this industry and also high professionalism in its conduct of business. The insurance industry requires careful service to its customers, protecting at the same time the ethical standards expected of this industry.

I congratulate the Green Delta Insurance Company on its completion of 25 years in the insurance business.

It is our immense pleasure to address at the auspicious occasion of the 25th year anniversary of Green Delta Insurance Company Ltd.

Under the backdrop of global financial meltdown when others are contemplating or thinking of how to outlive the coming years, the mere fact is that we are preparing for the coming 25 years.

**Green Delta Insurance Company Ltd.**

I am privileged to be the CEO of Green Delta Insurance Company Limited as we mark our 25th years anniversary and walk along our vision to mature into a sustainable, coherent organization, raise competitiveness to the highest level in the insurance industry, maintain high profitability and balanced quantitative growth, exceed customers' expectations by offering dedicated services, embrace a new corporate identity and creative corporate culture.

As we reach this landmark year, it

is fitting to reflect on many successes achieved by the Green Delta family since 1986. Each success achieved along the way was possible by the tremendous support from our clients, employees, sponsors, shareholders, regulatory bodies and all other partners.

Green Delta Insurance Company Ltd. has grown from the initial small seed to what is now a big tree with many different branches. We don't want to say that that our work is done and the book is closed.

Rather we would like to emphasize that our services are needed now more than ever and there are significant challenges to overcome.

Even though we have grown over the years our key values remain the same today as they were in the very beginning - Customer being the centre point for all of our activities.

We promise to continue our growth and stand beside our clients at the time of their need. This will continue to inform and influence our work towards achieving our mission to create shareholders'

value through customer's satisfaction and employee's commitment to excellence.

Many more miles to go, yet it is right to celebrate our 25th year and give thanks to you all for our many achievements since 1986. Let us all march with the time.
