**Government of the People's Republic of Bangladesh**

Ministry of Local Government, Rural Development & Cooperatives

Local Government Division

Local Governance Support Project (LGSP)

Bangladesh Secretariat, Dhaka

Memo No. LGD/UP/LGSP-31/2010/04 Date: 06-01-2011

**Request for Expressions of Interest (EOI) for Selection and Employment of a Firm to undertake Final Survey and Policy Development regarding the Functioning of Union Parishads under Local Governance Support Project (LGSP) (Contract Package No. S-4501)**

The Government of the People's Republic of Bangladesh has received a credit (IDA credit No. 4193-BD) towards the cost of the Local Governance Support Project (LGSP) from the International Development Association (IDA). The Local Government Division (LGD) of the Ministry of Local Government, Rural Development and Cooperatives (MLGRD&C) has initiated the implementation of LGSP and intends to apply part of the proceeds for contracting a firm to undertake an evaluation of the effects of the project.

2. The firm responsible for the final survey and Policy Development is expected to do the followings:

(a) Develop, with close association with LGD and IDA representatives, a survey instrument to be administered to households and other stakeholders. The main purpose of the survey is to establish the degree of knowledge of participation in and priorities for the functioning of Union Parishads (UP's). Included will be measures of satisfaction with public services. The survey will also include demographic and economic information to explore the degree to which public decisions made with project funds reflect peoples' preferences. Much of the survey instrument has already been devised and should require small modifications. Pre-testing of the questionnaires will be done in collaboration with LGD and IDA.

(b) Develop methods to obtain factual information from UP members or other key informants from communities about the location and general functionality of current public facilities, their date of construction and their costs. This will be combined with the generation of maps of the sampled communities to be used for drawing the household sample. The method used will be by small focus groups and participatory assessments.

(c) Identify and inspect recently constructed public infrastructure. This will include, inter alia, measurement of length, width and possibly depth of roads, construction materials of roads, buildings, small water systems and small infrastructure such as culverts and drainage channels.

(d) Develop, with close association with LGD and IDA representatives, a sampling framework for identifying UP's that will likely qualify for the program as well as an appropriate comparison group that will not qualify. Included in this framework will be calculations of the size of the sample needed to detect the expected effect of the program. It is anticipated that the sample size will be on the order of 3600 to 4000 households over a subset of approximately 200 Union Parishads. The sampling strategy for both Union Parishads and households will be developed by the firm in consultation with LGD and IDA.

(e) Produce a data set readable by the STATA statistical package of quality and reliability acceptable to the LGD and the IDA. This will include a short report with the complete set of frequencies for all variables and a narrative describing difficulties (if any) in administering the survey as discovered in implementation.

(f) Conduct a comparative study with the baseline information and provide sufficient information for designing follow up actions.

(g) Develop draft policies on allocation of grants, budgetary systems, financial management, accountability, transparency, audit system, peoples participation, selection & implementation procedure of development projects and on other relevant aspects for UPs by analyzing information & data obtained from baseline & final survey.

3. The LGD of the MLGRD&C now invites eligible firms to submit their Expressions of Interest (EOI) for providing the required services. Interested firms must submit information with documentary evidences in support of the requirements described below, indicating that they are qualified to perform the services (brochures, description of assignments of similar nature, experience in similar conditions, availability of appropriate skills among the staff, etc.). The EOIs would be reviewed on the basis of the followings to prepare a short list:

- Registration of Consultant (firm)
- Age of the Consultant (firm) in business
- Availability of key professionals
- Availability of resources
- Experience of the Consultant (firm) in similar task
- Experience of the Consultant (firm) in other works
- Support services of the Consultant (firm)

4. Consultants (firms) may associate to enhance their qualification, but should mention whether the association is in the form of a "joint-venture" or of "sub-consultancy". In the case of an association, all members of such "association" should have real and well-defined inputs to the assignment and in such "association", it is preferable to limit the total number of firms including the associates to a maximum of four.

5. Firms will be selected using the Quality & Cost Based Selection (QCBS) sub-method in accordance with the Public Procurement Act-2006 and Public Procurement Rules 2008 issued by the GoB (www.cptu.gov.bd). It is expected that the assignment will commence by April, 2011 and completed by June, 2011.

6. Interested firms may obtain further information from the office of the undersigned during office hours on working days. The authority reserves the right to accept or reject any or all EOIs received without assigning any reason therefor.

7. The EOIs should be clearly marked "Expression of Interest (EOI) for selection and Employment of a Firm to undertake final Survey and Policy Development regarding the functioning of Union Parishads under Local Governance Support Project (LGSP) (Contract Package No. S-4501)". The EOIs shall be submitted in sealed envelopes by 2:00pm on January 27, 2011 to the office of the Director General, MIE Wing, LGD and National Project Director, Local Governance Support Project (LGSP), Local Government Division, Room No. 1620, Building No. 6, Bangladesh Secretariat, Dhaka".
