80 buses hit city streets today

STAFF CORRESPONDENT

Eighty single-decker buses, 25 of them air-conditioned (AC), hit city roads this morning in a bid to ease the acute transport crisis.  
Bangladesh Road Transport Corporation (BRTC) imported the buses from South Korea, each costing Tk 70 lakh, while the AC buses cost Tk 90 lakh each.  
Compared to the 275 buses imported from China last year which cost Tk 33 lakh each, these buses are comparatively better in terms of quality and comfort, said Communications Minister Syed Abul Hossain while inaugurating the new buses yesterday.  
By the end of August, 165 more buses will be arriving from Korea, he said at the BRTC training centre in Gazipur.  
The government plans to import a total of 1,050 buses of which 450 will be brought from India, to meet the rising demand for transport in the capital and its vicinity, he said.  
Of them, 300 are double-deckers, 100 are single-deckers and 50 are articulated buses, popularly known as 'bendy buses', BRTC officials said.
