

# RECRUITMENT 'SCAM' AT DINAJPUR MEDICAL Principal's room ransacked, two teachers assaulted

OUR CORRESPONDENT, Dinaipur

Agitated job seekers and their hired goons yesterday went on rampage at Dinajpur Medical College and Hospital (DJMCH) as some candidates were not selected in the recruitment test for the posts of third and fourth class employees, sources said.

The gang assaulted at least seven people including two professors, ransacked a few rooms and damaged the furniture.

The DJMCH authorities recently recruited around 30 people to various posts, list of which was officially published yesterday.

An employee of the DJMCH, seeking anonymity said local Awami League leaders submitted a list to the principal of DJMCH, but majority of their choice were not entertained.

Faruquzzaman Michael, organisational secretary of district AL, however refuted their involvement, and alleged that the candidates who bribed the hospital authorities only got the jobs.

Sources at DJMCH said Dr Buland Akter Tagar, assistant professor of ENT department and Prof Moudud Hossain of surgery department and Dr Ahad Ali, general secretary of Bangladesh Medical Association (BMA), were assaulted. Others include staffs Md Mokhlesar Rahman, Mirza Salam, Arif Akter and Alam.

Witnesses said a gang of 10 to 15 gathered in front of the medical college in the morning.

They entered DJMCH administrative building around 10:50am and

started looking for principal Prof Dr Hamidul Haque Khandakar.

However, sensing trouble, the principal took shelter in the store-room.

The gang first entered the principal's room and locked in an altercation with Dr Buland Akter Tagar, Dr Prof Moudud Hossain and Dr Ahad Ali over the recruitment issue.

Sources said, during the heated exchange, the gang was demanding return of money paid to the authorities for providing jobs to their candidates.

As the DJMCH authorities refuted their claim of receiving bribe for providing jobs, the gang ransacked the room of the principal and damaged furniture. During the 10 minutes rampage, they damaged furniture also in a few other rooms.

Contacted, Md Abdul Kalam Azad, accountant and a secretary of DJMCH said that two factions of district BMA went on rampage. He declined to elaborate and switched off his cell phone.

However, Dr Shahidul Islam, president of Dinajpur BMA said the organisation is not divided. "So, the claim of DJMCH authorities is ridiculous," he added.

This correspondent tried to contact the principal of DJMCH over cell phone but he was not receiving any call.

Hasan Shamim Iqbal, officer-in-charge of Dinajpur Sadar police station said no case was lodged till filing of this report yesterday afternoon. "However, we have deployed necessary force in the area to avert further trouble," he added.

RAJAT KANTI GOSWAMI,  
Moulvibazar

Water crisis grips the residents of Moulvibazar town as 60 percent of the municipality area is outside pipeline water supply coverage while tube wells in most places remain inoperative due to fall of underground water level in the dry season.

"I deposited the money for demand note three years ago, but waiting for a water connection till now. Water supply pipe line was installed in their area many years ago. But the municipality authority is not interested to give new connections," Syed Motahar Ali, a resident of Paschim Dharkapon in Moulvibazar town.

Many residents of the area applied for water connection 10 to 12 years ago, but they are yet to get it, he said.

pipeline they have to depend on tube well water but their tube wells are not functioning as underground water level has fallen during the dry season.

Tube wells in the female students' hostel of Moulvibazar Government College have also become inoperative due to receding of underground water level.

"Only 40 percent area of the town has been brought under pipeline water supply system. Source of water for the people in other areas of the town is shallow and deep tube wells," said Bijoy Krishna Deb, superintendent of the water supply section of Moulvibazar municipality.

Mostofapur under ward No-8 and Barkapon and Shekhergaon under ward No-9," he said.

"New supply lines are being installed and replacement of damaged old lines is being done under a water supply and sanitation project that started in 2009. The project will continue till 2012."

Besides, an initiative has been taken up to install a plant for purification and supply of surface water at an estimated cost of Tk 9 crore 86 lakh, he said. The plant to be set up at Matarkapon will purify water from the Monu River and it will be supplied through pipeline to the town dwellers. After its full implementation, pipeline water supply will cover 90 percent areas of the town, the official added.

The Asian Development Bank has approved the project for purification and supply of surface water in Moulvibazar town, said Mayor Fayzul Karim Mayun.
