

Introducing the first **Comprehensive Cancer Care Centre** in Bangladesh

PET-CT

Cyclotron

Linear Accelerator
with Rapid Arc

SPECT-CT

United Hospital is happy to announce its new Cancer Care Centre, a comprehensive and world class facility for the best oncological treatment under the Nuclear Medicine Department with the support of overseas and local experts.

The Finest Diagnostic Equipments

We have the first PET-CT scanning technology along with the only Medical Cyclotron in Bangladesh, considered to be the Gold Standard in accurate cancer diagnosis using Molecular Imaging. Our latest SPECT-CT scanner facilitates high quality Functional Imaging as well.

The Best Tools for Treatment

Our Integrated Brachytherapy Unit and Linear Accelerator with IMRT, IGRT, Respiratory Gating with the first Rapid Arc technology in Bangladesh makes precision cancer treatment possible. We are the first centre in the country to have the facility of PET-CT based Radiotherapy treatment planning. Our exclusive Chemotherapy Unit provides the most updated cancer management as per international guidelines.

Excellence in Service

In the last four years, we have performed over 20,000 cardiac procedures, 40,000 dialysis, 30 renal transplants along with thousands of neurological, orthopedic and gynecological procedures. Your support can make us the finest healthcare provider in Bangladesh.

United Hospital Cancer Care Centre
Serving you Better than the Best.
