USAID FROM THE AMERICAN PEOPLE

CENTER FOR INTERNATIONAL DEVELOPMENT | SUNY/CID
ROCKEFELLER COLLEGE UNIVERSITY AT ALBANY State University of New York

The Asia Foundation
Seeking Project Concept Note
To Strengthening the Democratic Governance in Bangladesh

Promoting Democratic Institutions and practices (PRODIP), a five year project, will contribute to USAID/Bangladesh's development goal under the Governing Justly and Democratically Program Objective of the U.S. Foreign Assistance Framework. The Asia Foundation, in partnership with the State University of New York (SUNY), will implement the project. It will specifically contribute to build "More Effective and Responsive Democratic Institutions and Processes in Bangladesh." To achieve this goal, PRODIP will work closely with the Parliament of Bangladesh and civil society partners to implement a comprehensive, two pronged program to strengthen the democratic governance: on the supply side assist Parliament to improve its law making and oversight capability, strengthen its committees, increase public awareness of its functions, and create opportunities for increased public input into the development of national policies; on the demand side PRODIP will help the civil society to understand how policies and laws are made, and how it can maximize its effectiveness in participating in the process.

Under the civil society component PRODIP solicits Project Concept Note (PCN) from eligible non government organizations (NGOs) and Media organizations to implement 1 to 3 years comprehensive projects, aiming at strengthening democratic and political governance. The NGO should have strong programmatic knowledge and good understanding to implement projects related to governance and democracy. They should also have experience to work directly with MPs both at national and constituency level on policy legislation/advocacy.

The **Media Organizations** should have experience in innovative print and electronic media reporting, round table dialogues, television talk show development, features, series of episodes on specific issues and activities focusing on parliamentary and democratic process and political governance.

The grants will be awarded through a comprehensive competitive process. As part of this bidding process interested NGOs and Media are required to submit a 2-3 page Project Concept Note (PCN) following the "GUIDELINE for APPLICANTS" which is being posted at <http://www.asiafoundation.org/publications/pdf/887>

The PRODIP team will assess all the PCN applications and invite full proposals from only those potential grantees whose PCN has been accepted through a vigorous assessment process.

The eligible applicants will have 15 days from today to submit their PCN addressed to **Director Civil Society, PRODIP project, The Asia Foundation office, House 5, Road 8, Baridhara, Dhaka 1212**. No late submission will be accepted.

Submission procedure: Please follow the Guideline to submit grant application under each section.

The Asia Foundation reserves the right to fund any or none of the applications submitted.
