### Government of the People's Republic of Bangladesh

Office of the Project Director  
Clean Air and Sustainable Environment (CASE) Project  
Department of Environment (DoE)  
E-16, Paribesh Bhaban, Agargaon  
Sher-e-Bangla Nagar  
Dhaka-1207

## Request for Expression of Interests (EOI)

for  
Selection of a Regulatory Enforcement Specialist for Vehicle Emission Control (Individual Consultant with International Experience)  
[Contract Package No. DOE-S4]

No: Paribesh/Case/Tech. Con.-Enfor(International)/127/2011/908 Date: 20/12/2011

- The People's Republic of Bangladesh has received an IDA credit [No. 4581-BD] in the amount of US\$ 62.2 million toward the cost of the Clean Air and Sustainable Environment (CASE) Project to be implemented by the Department of Environment (DOE), Dhaka City Corporation (DCC) and Dhaka Transport Coordination Board (DTCB). The Department of Environment intends to apply part of the proceeds to payments for the provision of consultancy services for the project by hiring a Regulatory Enforcement Specialist for Vehicle Emission Control (Individual Consultant with International Experience).
- The objective of this consultancy is to review and strengthen DoE's enforcement programs related with vehicular emission control in Dhaka City, in the light of international best practices customized for Bangladesh situation.
- The broad tasks to meet the objectives of this consultancy will include, but not necessarily be limited to the following:
  - Review and analyze the current status of the in-use vehicles emission levels considering the current vehicle fleet composition (i.e. age, made, etc.), vehicle operating characteristics, vehicle weight classification, and fuel use etc;
  - Review DoE policies for vehicular emission reduction and enforcement program, covering but not limited to:
    - In-use vehicle emission standards and new vehicle (including imported ones) emission standards for type approval and conformity of production;
    - QA/QC documents and Standard Operation Procedures (SOPs) for vehicular emission measurement;
  - Based on the review and in light of international good practices, update the enforcement program of the vehicular emission control, covering but not limited to:
    - Identify the key issues in the current enforcement system that are causing the unsatisfactory implementation of existing vehicle emission standards (VESs);
    - Provide recommendations on how to strengthen the enforcement, through improving monitoring mechanisms such as inspections, environmental audits, record-keeping, and reporting requirements; revising SOPs; introducing an auto fuel policy throughout the whole distribution system in collaboration with agencies involved in the petroleum and gas sectors; application of penalty or other instruments; updating VESs, etc, as applicable;
    - Propose and develop sub-enforcement program(s) for areas where the major implementation problems exist, e.g. Bus Emission Enforcement Programme, Truck Emission Enforcement Program etc.
  - Assist DoE to arrange a consultation workshop on the proposed updates for the enforcement program to collect comments and feedbacks from different stakeholders to guide the decision-making process and to revise the program accordingly.
  - Design and deliver one (1) training on enforcement mechanism and policies of vehicular emission control for the technical staff of the Air Quality Cell (AQC) and CASE, PIU; and assist DoE in awareness building and education program related to vehicular emission reduction.
- Key Qualifications-**
  - Should have advanced degree in Engineering/ Physical/Environmental sciences with more than 15 years of experience in Air Quality Management areas relevant to TOR for current consultancy especially in vehicular emission and auto-fuel;
  - Preferably 10 years international experience working independently or as team Leader in similar assignments;
  - Demonstrated experience in the preparation of technical manuals/guidelines, research papers on vehicular emission and auto-fuels in the national/international scenarios;
  - Experience in similar assignments funded by international development organizations/financiers like WB, ADB, JICA, UNDP, GTZ etc. Knowledge of environmental regulatory program, enforcement mechanisms and policies;
  - Ability to evaluate these mechanisms for their effectiveness in Bangladesh;
  - Ability to discuss enforcement policy options in a workshop format and lead discussions within a workshop;
  - Knowledge of Enforcement, Standards and Pilot Control Programs for vehicular emission reduction control strategy.
  - Skill in organizing and supporting work groups and ability to explain technical data to the public.
  - Knowledge of air quality management issues in South Asia and practical experience on air quality management project preferably in Asian countries.
  - Ability to write and implement SOPs and QA/QC program procedures and documents.
  - Knowledge and experience relating to clean air laws and regulations.
  - Networking with different air quality institutes/initiatives.
- The consultant shall perform the services for 03 man-months in Bangladesh over a period of 01 year commencing from April 2012 or any other period subsequently agreed by the parties in writing. Over the one-year period, about 1-2 trips are expected to be undertaken to Dhaka depending on the number of consultants and mutual agreements between the PIU and the consultant.
- The consultant will be selected in accordance with the procedures set out by the World Bank's guidelines, "Selection and Employment of Consultants by World Bank Borrowers May, 2004 (Revised October, 2006)".
- Expression of Interest (EOI) shall be submitted on or before January 25, 2012 on weekdays during office hours either in sealed envelope or through e-mail sent to Project Director, and be clearly marked Expressions of Interest for Regulatory Enforcement Specialist for Vehicle Emission Control (International).
- The EOI should include consultant's CV and relevant supporting documents showing consultant's credibility in Vehicle Emission Control and expected price (remuneration, reimbursable) excluding all levies deductible in borrower's country.
- The procuring entity reserves the right to accept or reject all EOIs.
