Over a hundred people were injured when the roof of Pilot Primary School collapsed as they went up there to hear Khelda's speech on January 8. She wished immediate recovery of the injured.

'Regional cooperation a must for energy security'

BSS, Dhaka

Labour, Expatriates' Welfare and Overseas Employment Minister Khandker Mosharraf Hossain said regional cooperation must be strengthened to ensure development in the area of energy and power. There is enormous scope for regional cooperation among the south Asian countries but due to lack of political farsightedness such cooperation could not be achieved, he said while addressing the 'Dr Engineer MA Rashid Commemorative Lecture' at the Institute of Engineers, Bangladesh (IEB) yesterday. The IEB organised the lecture on the occasion of its 53rd convention. He said Saar was founded 25 years ago for strengthening regional cooperation but no remarkable progress could be made during this period. Political instability and lack of institutional democratic practice are the major barriers in the way of strengthening regional cooperation, he added. About the disputes over demarcation of maritime boundary, he said the present government has initiated talks with India and Myanmar to settle the issue. IEB's former president Prof Engineer Jamilur Reza Chowdhury chaired the lecture. Engineer Delwar Bakth, former managing director of Titas Gas Transmission and Distribution Company Limited, presented the keynote paper.

Emphasise proper planning

PM asks engineers

UNB, Dhaka

Prime Minister Sheikh Hasina yesterday asked engineers to act as responsible citizens and ensure proper and planned utilization of the tax money and the limited resources of the country to provide more services to the people. She however noted that, "Proper utilization of state resources as well as maintaining qualitative standard of the development activities depend on the honesty, efficiency and dutifulness of the engineers." The premier said this at the inaugural session of the four-day long 53rd Convention of the Institution of Engineers, Bangladesh (IEB) held on its city premises. Around 85 percent funds of the government's development activities are spent through the engineers, she said, urging the engineers and technologists to put emphasis on proper planning and use of right technology to this end. Hasina stressed the need for low-cost sustainable equipments and structures, innovation of alternate energy and energy-efficient equipments as well as innovating techniques for building low cost houses. She asked IEB to suggest a specific policy to set up residential, commercial and industrial areas at district and upazila level to ensure maximum utilization of limited lands in the country. Highlighting the need for adopting improved methods of crop cultivation and preservation to ensure food security, she urged the engineers to find out ways to reduce post-harvest losses that account for nearly Tk 30,000 crore per year in absence of appropriate preservation facilities. Referring that around Tk 100 crore is spent every year for importing agricultural equipments, she hoped that the country would become self-

reliant in producing such equipments if technology, training and capital are made available to the manufacturers. She also put emphasis on sustainable and environment-friendly development programmes and technologies to cope with the adverse impacts of climate change, the big challenge of today. The premier said, in order to raise the power generation to 7,000 megawatt (MW) by 2013 and 20,000 MW by 2021, the incumbent government has taken the initiatives of establishing coal-based power plants, nuclear power plants, construction of inter-grid network with India and hydroelectricity generation with Bhutan and Nepal. Regarding making a digital Bangladesh, she said, apart from bringing 4,501 unions under

internet network through Union Information Centers, the government has taken the initiative for a second submarine cable connection to ensure high speed internet facilities. Earlier, the PM distributed medals and certificates among the best engineers for their outstanding contributions in respective fields in 2011. She also unveiled a memorial sculpture of War of Liberation set up on the IEB premises. IEB President Engr Nurul Huda presented the PM with a crest of the 53rd IEB convention. Convener of the convention preparatory committee Engr Munir Uddin Ahmed gave the welcome address while its member secretary Engr Mohammad Hossain, IEB General Secretary Engr Abdus Sabur and IEB president addressed the function.

Three hurt in Savar bank fire

UNB, Savar

Three security guards were injured and valuables gutted as a fire broke out in the BKSP branch office of Uttara Bank Ltd in Savar, outskirts of the capital, yesterday. Two of the injured were admitted to the burn unit of Dhaka Medical College Hospital. The victims were asleep inside the bank office when the fire started. The reason behind the fire could not be known immediately. Local people saw flames coming out of the bank at about 7:00am. On information, two units of firefighters rushed in and doused the blaze after half an hour. Fire service sources said the fire burned down valuables, worth Tk 35 lakh, including four computers, furniture, and valuable documents. Senior station officer Akhteruzzaman of DEPZ fire station said the vault and a computer, however, were unharmed. He said the fire might have originated from an electric short circuit.

UK minister concerned over 'fall in foreign investment'

UNB, Dhaka

A visiting British minister expressed "concern at the decline in foreign investment" in Bangladesh as he called on Leader of the Opposition Khaleda Zia in the city last evening. The UK Secretary of State for International Development, Andrew Mitchell, held an hour-long meeting with Khaleda, also the BNP chairperson, at her Gulshan office. They discussed issues of bilateral relations, politics, economics, and trade. Mitchell viewed that foreign invest-

ment in a country declines when it suffers from political instability, BNP Vice Chairman Shamsher Mobin Chowdhury, who was present at the meeting, said in a news briefing. He said the British minister expressed "a little bit of concern over a little decrease of foreign investment" in Bangladesh. During the meeting, Mitchell hoped that a free, fair, neutral, and acceptable election would be held in Bangladesh to overcome political instability. He also hoped that the UK would play a bigger role in the investment in

Bangladesh. He said the economic assistance of Britain has been increased in Bangladesh. Terming the relations between Bangladesh and the UK historic, Khaleda said it will be further enhanced in the days to come. She hoped that Bangladeshi students would get more opportunity for scholarship for study in the UK. She also sought the UK minister's intervention in increasing visa facilities for Bangladeshis to get job in Bangladeshi restaurants in that country.

DHAKA-CTG HIGHWAY Implement 4-lane projects Demands CCCI

BSS, Chittagong

President of the Chittagong Chamber of Commerce and Industry (CCCI) Murshed Murad Ibrahim requested the authorities concerned for firm intervention and necessary actions in implementing four lane projects of Dhaka-Chittagong Highway and Karnaphuli River Dredging Project immediately. In a statement, the CCCI president said Chittagong is the economic hub of the country and major portion of export-import goods are transported to different districts from here via Dhaka-Chittagong Highway. He mentioned that 70 per cent work of the project of upgrading the highway into four lanes has already been completed, adding but the slow disbursement of the fund, shortage of soil at Chittagong-Feni portion and legal complication about the acquired land are delaying the process. Ibrahim also urged that

The slow disbursement of the fund, shortage of soil at Chittagong-Feni portion and legal complication about the acquired land are delaying the process

the hindrances in accomplishing Karnaphuli River Dredging Project must be removed with prompt decision to turn the port into an international one. He proposed that the dredged soil can be used in filling up the Dhaka-Chittagong highway extension work. He also sought earnest and active measures of the authorities concerned to enhance business activities in the district by accomplishing these two projects on priority basis.

BCL hails Hasina

BSS, Dhaka

Bangladesh Chhatra League (BCL), the student wing of ruling Awami League (AL), yesterday congratulated Prime Minister and AL President Sheikh Hasina on receiving the honorary D. Litt degree from Tripura University on January 12. Marking the event, BCL brought out a colorful procession on Dhaka University campus and held a rally before Aparajeya Bangla with BCL President HM Badiuzzaman Sohag in the chair. Sohag said Hasina struggled in the path to establishing democracy in the country for which she was conferred with the degree. He said admission business in different universities of the country has stopped under Hasina's supervision and it is a great achievement for the country. He called upon BCL leaders and activists to remain alert against vested quarters who are conspiring to destroy democracy and create another 1/11 situation in the country.
