

VACANCY FOR ENGINEERS

HRF Engineering Co. is one of the Bangladesh's leading engineering consulting firms. Following steady growth we are looking for engineers whose specialization is mentioned below to join us.

Structural Engineer (Three Positions)

Qualified applicants are to be fully conversant and experienced in all aspects of the design of structural steel and concrete work.

Geotechnical Engineer (One Position)

Qualified applicants are to be fully conversant and experienced in all aspects of the design of foundation work.

Water Resource Engineer (One Position)

Qualified applicants are to be fully conversant and experienced in all aspects of the design of Hydraulic structural work.

Naval Architect and Marine Engineer (One Position)

Qualified applicants are to be fully conversant and experienced in all aspects of the design of ship building yard work.

For all the above positions five years professional qualifications are a must. You should expect your workload to be high and very varied. The successful candidate will be responsible for the design of complex projects. You must be keen to work as a member of a team and enthusiastically communicate your design and design developments to others. You must have experience with related design software and general office software.

CAD Operator (15 positions)

Qualified applicants are to be fully conversant and experienced in all aspects of the computer aided design software (AUTOCAD). Ten years experience in engineering drafting is required.

Excellent compensation package will be offered for all the positions. If you feel that you are an appropriate candidate please send your CV within 16th February at following address.
