Project name Dhaka Water Supply Sector Development Project

Country Bangladesh

- The Government of the People's Republic of Bangladesh (GOB) has received project loan No: 2382-BAN(SF) from Asian Development Bank (ADB) toward the cost of implementing certain reforms in the urban water supply sector laid out under the Dhaka Water Supply Sector Development Program (DWSSDP). It intends to apply the fund for payments under the contract for the provision of "Resettlement Works" by experienced NGOs. The project area is located within metropolitan Dhaka.
- It is anticipated that the project period will continue until June 2014. In order to carry out the extensive program requirements the project will require the services of suitably qualified NGO's to undertake overall field based project management and support under the below explained 03 packages & others upcoming packages:
 - Rehabilitation of Distribution Networks in the area of ICB-02.4 (Covers western side of Rokeya Saroni, Zone-4 area)
 - Rehabilitation of Distribution Networks in the area of ICB-02.5 (Covers eastern side of Rokeya Saroni, Zone-10 area)
 - Rehabilitation of Distribution Networks in the area of ICB-02.6 (Covers Dhanmondi, Jigatola, Green Road, Mohammadpur etc. Zone-3 area).
- Applications for short-listing of reputed NGOs are hereby invited for providing the services that will entail:
 - liaise with and advise the DMC team and their contractors on and before starting of any resettlement works
 - provide suitable qualified teams of field-workers to undertake all field-work activities related to resettlement works of the project
 - management the workload of the field-workers accordingly in a timely and effective manner
 - plan the work to be undertaken in conjunction with the DMC contractors
 - advise residents and take mitigating measures on possible disturbances and measures to be undertaken during project implementation
 - advise APs on the availability of grievance procedure to be followed under the project
 - prepare the list of the roads which will be closed by the contractor during implementation of the DWSSDP Project works
 - assist the contractor to disseminate the information about the road closures and the alternative arrangements made for the same
 - prepare the list of the potential APs of the project who are likely to be affected by the project work before, during and after implementation of the actual work.
 - ensure ID card for each of the affected persons who is to be considered for compensation for being affected by the project works.
 - ensure video-graph of the project roads/alignments at least one week ahead of the actual project implementation works which will be considered as cut-off date of the project.
 - prepare the entitlement of the APs in the case of the road which will be blocked temporarily for not more than 5 days.
 - ensure compensation payment by the PMU to each APs.
 - keep the DMC and PMU informed about all the activities pursued under the resettlement activities of the project.

- coordinate all field workers, activities in conducting community level information dissemination and meetings.
- mobilize APs to be supportive during construction times and construction created inconveniences, which may be brought about by the implementation of the rehabilitation project.
- adopt participatory approaches at all stages of NGOs' service delivery.
- submit the regular monitoring and monthly and quarterly progress reports on the resettlement works from time to time to the DMC and PMU offices; and
- carry out any other related task as may be assigned by the Team Leader of the DMC or Project Director.

2. The application to be submitted for short-listing ought to include the following particulars/requirements with proven documents:

(a) The experience:

General experience: interested NGOs should have adequate knowledge on:

- Resettlement works experience,
- Conducting socio-economic survey, as well as capacity to arrange dialogue with multi-sector stakeholders.

(b) Specific experience:

Should have a minimum of 5 years experience in water supply and sanitation project activities preferably in urban area.
