Fired with a dream In conversation with Apu Biswas

have a single release during a major festival like Eid -- to ensure that it is a commercial success. Two films featuring Apu may be released during Eid-ul-Adha: Badiul Alam Khokon's "100 Percent Love" and MB Manik's "Durdhorsho Premik". "Debdas" may also be released around that time, she adds. Apu is currently working on several films.

She has penned agreements for Nazrul Islam Khan's "Moner Thikana" and three more untitled projects. Asked on her dwindling film projects, Apu answers that all actors are getting less film assignments as fewer movies are made annually. Only 40 movies are now made each year, compared to a 100 that were made before, she adds.

A constant dreamer, Apu likes to plan ahead. Her plans for the future include working in films with good plots, so that her place is cemented in the hearts of the audience. Despite her busy shooting schedule, Apu

makes time to go to the gym 10 days a month. She claims that she has been able to make significant changes with better care of her health.

When asked for her opinion on the recent changes in the trend of movie plots, direction and audience expectations, Apu says that the The actress claims that the popularity and the viewers want something fresh, as they are tired of the same locations and storyline.

"Such expectations are natural," Apu claims. The star further points out that her greatest gain from the film industry is the love of her The actress however claims that a sole individual cannot claim the entire credit for all the countless fans. Such admiration has come her way solely by working in films, Apu concludes.

When Joya Ahsan signed her first mainstream Bangladeshi film --"Purno Doirgho Prem Kahini", opposite Shakib Khan, it became breaking news. Now, the leading lady, who is equally popular among the masses and critics, has started shooting for another commercial film, titled "Parley Theka". Maruf Hasan is directing the film.

Joya Ahsan will don the role of a singer in the film. At present she is busy shooting for the film at Kalartek, Uttara, Dhaka. Shooting for "Purno Doirgho Prem Kahini" is also on full swing.

Meanwhile, feature film "Chorabali" starring Joya is awaiting release. The actress has already completed shooting for a Tollywood (Kolkata) film "Aborton" that will also likely be released this year. Joya's first film was "Bachelor". She has earned rave reviews for her performances in "Dubshatar", "Phirey Esho Behula" and "Guerrilla".

ABSTRACT

Tajul Islam's tapestry exhibition at Asiatic Gallery of Fine Arts

TAKIR HOSSAIN

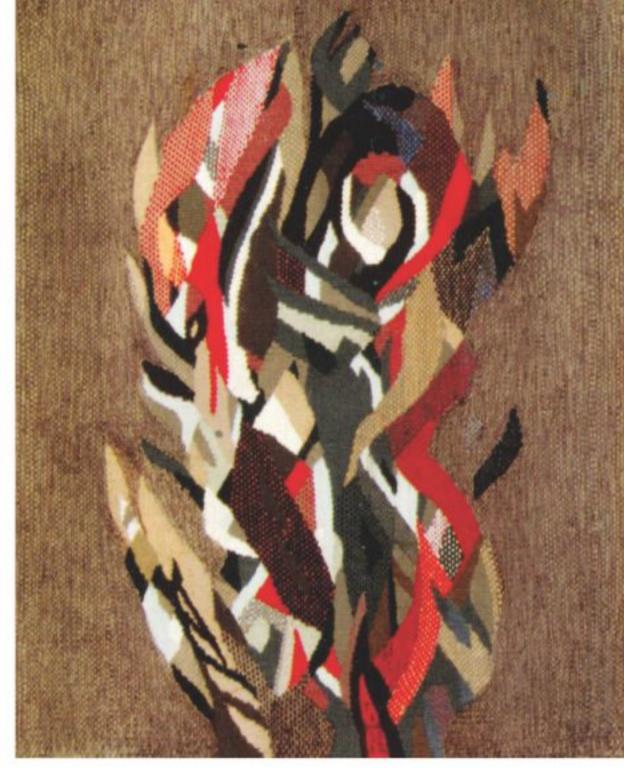

Asiatic Gallery of Fine Arts in Nimtali, Dhaka has organised a solo tapestry exhibition, featuring the works of Tajul Islam. The exhibition opened on September 7.

Muhammad Aziz Khan, chairman of Summit Group of Companies, inaugurated the exhibition as chief guest. Professor Nazrul Islam, former chairman of UGC (University Grants Commission) was present as special guest. Professor Hamiduzzaman Khan, director of Asiatic Gallery of Fine Arts, presided over the programme.

Tajul has been inspired by his guru Rashid Chowdhury, and has established his individual style -- particularly in terms of patterns and colour compositions. Luminous colours, geometric compositions, floral imagery and organic forms are recurring features in his tapestries.

Tajul started with assisting Rashid Chowdhury when the latter returned from France (after finishing his higher education). The artist continued assisting his guru till 1979. At present, Tajul is one of the very few who work in this elegant, expensive and difficult medium. He has been working in this medium for over 45 years. Though the medium is quite expensive and time consuming, he has

"I first make a layout; next a tracing enlarges that for the final pattern. When I concentrate on layout, varied organic familiar and unfamiliar shapes (from nature) come to my mind. Lastly, I select the final one," said the artist.

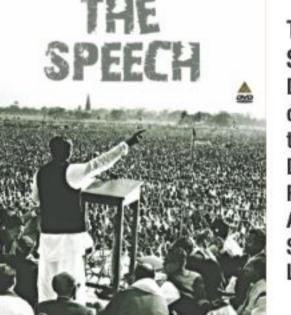

with a novel approach. This inclination has helped him to hold his position at the forefront of the Bangladeshi art sce-
