DCC distributes waste disposal sacks for eid

HELEMUL ALAM

Dhaka city corporations for the first time are distributing environment-friendly sacks among the city people for a systematic collection and disposal of the waste of slaughtered animals on the occasion of Eid-ul-Azha.

Dhaka South City Corporation (DSCC) is distributing them free of cost but Dhaka North City Corporation (DNCC) charges Tk 15 for each sack, which can accommodate around 40kg of waste.

Chief Waste Management Officer of DSCC Md Anamul Haque said the sack was given during the payment of Hasil (charge buyers pay on the purchasing price of cattle).

Around half a kilogramme bleaching powder is also given with each bag, he said.

"If people keep the waste of slaughtered sacrificial animals into the sack, the workers of DSCC will be able to collect it easily," he said.

Anamul said they would provide 60,000 sacks each to all the 10 cattle markets under DSCC.

An official concerned of DNCC, Misbahul Karim, said they would distribute one lakh sacks through the authorities of 10 cattle markets taking a nominal price

of Tk 15 for each.

Fifty thousand sacks will be given through Gabtoli cattle market, while 30,000 pieces through nine other make-shift cattle markets under DNCC, he said.

Around 20,000 sacks will be kept reserved for emergency distribution, he added.

"We will also distribute 6 tonnes of bleaching powder to different areas of DNCC through our staff."

Around three lakh sacrificial animals are usually slaughtered on the day of Eid-ul-Azha in the capital, generating around 24,000 tonnes of additional garbage that day, said Anamul.

Every day DSCC produces 4000 tonnes of garbage while DNCC generates 2000 tonnes, according to the officials of the city corporations.

Apart from the initiatives, the city corporations will deploy an additional 2000 workers each to collect the extra waste alongside their existing 8,500 garbage collectors and will use water trucks to wash blood-stained streets on the eid day.

The additional workforce of DSCC will start working from today (Tuesday) to remove waste from the cattle markets, while the DNCC's will start working on the eid day noon.

BNP will not sit with EC without neutral govt

STAFF CORRESPONDENT

BNP Standing Committee Member Moudud Ahmed yesterday said the main opposition would not sit with the Election Commission (EC) for talks about holding the next election unless a neutral government was formed.

"The government must amend the constitution for the formation of a non-party and neutral government to hold the next election. Otherwise we will not sit with the Election Commission," he told a discussion on "current politics" at Jatiya Press Club in the capital.

The present EC has failed to earn the trust of the opposition parties as well as the people, so it would mean nothing to sit with them, he said.

The discussion was hosted by pro-BNP organisation Bangladesh Youth Forum.

The senior BNP leader also accused the Awami League-led grand alliance government of establishing the rule of autocracy in all sectors. Top officials, including lawmakers, ministers, have looted thousands of taka from different sectors, he said.

Moudud termed the Anti-Corruption Commission (ACC) an agent of the government and alleged that it had been working as a safeguard for the ruling party men rather than investigating corruption charges against them.

He also feared that if the construction work of Padma bridge would start during the tenure of the current government, as, he said, the ACC had "failed" to provide proper assistance to the World Bank.

Moudud also slated the prime minister's recent decision to restrict private media's entry to her programmes.
