Government of the People's Republic of Bangladesh
Office of the Project Director
Bangladesh Rural Water Supply and Sanitation Project
Department of Public Health Engineering
DPHE Bhaban (5th Fl), 14, Shaheed Captain Monsur Ali Sarani, Kakrail, Dhaka-1000
Memo No: 100/PD/BRWSSP/DPHE Dated: 23/10/2012

Request for Expressions of Interest (Individual Consultant)
for a Position of Senior Water Supply Specialist under Bangladesh Rural Water Supply and Sanitation Project (BRWSSP), (Contract Package No. S-03)

The Government of the People's Republic of Bangladesh (GoB) has undertaken the "Bangladesh Rural Water Supply and Sanitation Project (BRWSSP)" with the financial support of the International Development Association (IDA) [Credit No. IDA5075-BD]. Department of Public Health Engineering (DPHE) of Bangladesh is the implementing agency of the project. A part of the IDA fund will be utilized for payments of **Senior Water Supply Specialist** who will assist the Project Management Unit (PMU), BRWSSP, DPHE in supervising and guiding for collecting data of the current water supply aspects of all scheme areas' population, WS service area, distribution and transmission network, coverage demand analysis required for design of water supply system and designing accordingly including production device, storage, transmission and distribution network.

The services include but not limited to:
(i) Supervise and guide collection of all basic data of the current water supply aspects of all scheme areas' population, WS service area, distribution and transmission network, and other features as SWTP/IRP/AIRP, OHTs; (ii) Coverage demand analyses required for design of water supply systems; (iii) Supervise and guide determination of the nature, extent and location of water supply components and sanitation; (iv) Supervise and guide preparation of, through surveys, the base maps of the facilities; (v) Supervise and guide analyzing and designing the water supply system including production device (PTW/intake for SWTP), storage, transmission and distribution network (design options and rationale for selection need to be provided); (vi) Coordinate, at all times, with the specialists/consultants who would be involved with the design and implementation of the WS features and sanitation; (vii) Prepare pragmatic and achievable annual work plan; (viii) Ensure execution of all activities including pre-feasibility, feasibility, engineering design, supervision etc. as defined in the overall scope of works; (ix) Identify and mapping the suitable water supply option in the project union; (x) Ensure proper application of Environmental and Social framework; (xi) Prepare and transmit monthly, quarterly, annual reports and also a PCR as stated in the reporting requirements; (xii) Ensure the technology transfer in systematic way; (xiii) Design and conduct workshop and training program, if necessary; (xiv) Assist the PD with any other project-related works as may be assigned.

The qualifications and experiences required for the assignment are:
a. Master's degree in Sanitary Engineering or Environmental Engineering with bachelor degree in Civil Engineering.
b. At least 15 years' experience in planning, design and implementation of large-scale water supply projects, of which at least five years experience in rural piped water supply sector especially in Bangladesh or its adjoining regions.
c. Strong familiarity with NWSSSP, national water policy, National Arsenic Mitigation Policy and WB's Environmental guidelines are desired.
d. Hands on experience in working with NGOs in delivery of water supply.
e. Well conversant with policies, programs and alternative technological options related to the rural water supply sector of Bangladesh.
f. Ability to work in a multi-disciplinary team environment. Work experience in donor assisted government project.
g. Skills in computer aided design of water supply system.
h. Fluency in English both oral and written, competence in relevant report writing.
i. Age is preferably below 60 years.

Department of Public Health Engineering (DPHE) now seeks applications from eligible applicants to indicate their interest in providing the services. Applicants are invited to provide information indicating that they are qualified to perform the services (complete CV with detail information about employment history with duties and responsibilities, academic details, major publication (if any), contact address including telephone number and e-mail (if any)). The consultant will be selected using the selection of individual consultants method in accordance with the World Bank Guidelines on "Selection and Employment of Consultants under IBRD Loans and IDA Credits & Grants by World Bank Borrowers January 2011". Only short-listed candidates will be contacted. It is expected that the services will be commenced on January 2013.

Interested applicants may obtain the Terms of Reference (TOR) upon request from the address provided below either by e-mail or in person during the office hours (09-00am to 05-00pm). The TOR will be also available at the DPHE website (<http://www.dphe.gov.bd>).

Expression of Interest (EOI) must be submitted in 07 (seven) copies including 01 (one) main copy by the applicant on or before 15 November, 2012 within 12:30pm in a sealed envelope delivered to the undersigned and clearly marked "Expressions of Interest for Senior Water Supply Specialist". EOIs received after the deadline of submission will not be considered for short listing.

Duration of the assignment:
The duration of the assignment is 48 months which may change based on the requirement of the project.

Special instructions:
(a) The authority reserves the right to accept or reject any or all of the EOIs or cancel the EOI process at any stage without assigning any reason whatsoever and without incurring any liability to the affected applicant(s).
(b) The employer will not be responsible for any cost or expenses incurred by the applicants in connection with the preparation or delivery of the EOI.
(c) DPHE will not be responsible for any delay in submission including delay due to postal or any other reason.

For any clarification and background information, intending entities may contact DPHE at the given address.

Capacity Building of Bangladesh Export Processing Zones Authority Project
Implementing Agency
Bangladesh Export Processing Zones Authority
BEPZA Complex
House # 19/D, Road # 06, Dhanmondi, Dhaka-1205
No. 03.307.026.00.00.140.2012-1211 Dated: 23 October, 2012

Request for Expression of Interest (EOI) for Selection of Environment Counselors (National)

The Government of the People's Republic of Bangladesh (GOB) has received a loan and DFID Grant (IDA Credit No. 4866 BD and DFID Grant No. TF 099730) from the IDA for Capacity Building of Bangladesh Export Processing Zones Authority (BEPZA) and it is intended that part of the proceeds of this loan and grant will be applied to appoint 30 (thirty) No. of Environment Counselors to inspect disposal of industrial waste and monitoring environmental compliance.

2. The main task of the Environment Counselors shall be:
a) Review the status of regulatory compliance of the EPZ and the individual enterprises and advise on necessary steps to ensure compliance.
b) Monitor the performance of the Central Effluent Treatment Plant (CETP) and its related activities round the clock in shifting duties to advise BEPZA on measures that can ensure compliance as per the agreement and/or DoE's Discharge Standard.
c) Monitor the performance of ETPs of individual enterprises that have not joined CETP for round the clock in shifting duties and ensure compliance towards the terms and conditions and/or DoE's Discharge Standard.
d) Monitor the environment management issues including effluent discharge, sludge management, air emissions, noise, chemical and hazardous materials management, solid and hazardous waste management, emergency response and cleaner production of the enterprises of EPZs as appropriate and to the Zone Authority.
e) Any other environmental issues related to TOR and requirement of BEPZA.

3. Qualifications & experience:
a) Bachelor/Master degree in Environmental Science/Engineering.
b) Two years working experience in industrial unit in identifying and disposal of solid & liquid waste.
c) Fluency in spoken and written both in Bangla & English.
d) Sound knowledge in computer operation.

4. Other terms and conditions:
a) Age limit: 45 years maximum (as on November 26, 2012).
b) Duration of Employment: 24 months.
c) Monthly Pay (Consolidated): 35000/= (thirty five thousand) only including Income Tax and VAT.
d) Place of work: Industries location in EPZs of Bangladesh (Chittagong, Karnaphuli, Dhaka, Adamjee, Comilla, Mongla, Ishwardi, Uttara (Nilphaman) EPZs).

5. All application must be accompanied by:
a) Attested copies of the academic certificates.
b) Attested copies of nationality certificate, National ID and passport (if any).
c) Attested copies of 2 (two) passport size photographs.
d) Experience certificates.

6. Applicant will be selected in accordance with the procedures of World Bank Guidelines. Interested applicant shall obtain information at the address below from 0900 to 1700 hours in working days or it may be downloaded from BEPZA Website www.epzbangladesh.org.bd

7. Any persuasion by the applicant will be treated as disqualification.
8. The authority reserves the right to accept or reject any or all application without assigning any reason whatsoever.
9. Application must be delivered to the address below by 4.00pm on November 26, 2012.
10. The applicants who have submitted EOI earlier for the post need not to apply further.

Memo No: 101/PD/BRWSSP/DPHE Dated: 23/10/2012

Request for Expressions of Interest (Individual Consultant)
for a position of Hyro Geologist under Bangladesh Rural Water Supply and Sanitation Project (BRWSSP), (Contract Package No. S-04)

The Government of the People's Republic of Bangladesh (GoB) has undertaken the "Bangladesh Rural Water Supply and Sanitation Project (BRWSSP)" with the financial support of the International Development Association (IDA) [Credit No. IDA5075-BD]. Department of Public Health Engineering (DPHE) of Bangladesh is the implementing agency of the project. A part of the IDA fund will be utilized for payments of Hydro Geologist who will assist the Project Management Unit (PMU), BRWSSP, DPHE to examine the records of existing operational PTWs, supervise and guide preparation of report on findings and provide guidance for drilling new wells considering location, depth, design, operation and O&M and conduction of hydro geological investigation, including exploration drilling; review and evaluate all arsenic mitigation measures in place and see to the execution of specific studies such as recharging of deeper aquifers.

The services include but not limited to:
(i) Examine the records of existing operational PTWs, especially bore logs to get an insight into the aquifer conditions and related litho logical data/info along with TA consultants; (ii) Supervise and guide preparation of report on findings and provide guidance for drilling new wells considering location, depth, design, operation and O&M; (iii) Supervise and guide conduction of hydro geological investigation, including exploration drilling; (iv) Review and evaluate all arsenic mitigation measures in place and see to the execution of specific studies such as recharging of deeper aquifers; (v) Provide necessary data/info/recommendation to the PMU/local DPHE for drilling proposed PTWs in the scheme areas; (vi) Monitor and supervise during carry out full-fledge hydrological and hydro-geological surveys and investigations in the scheme areas under technical guidelines and supervision of PMU; this will include test boring, aquifer test, flow and water level measurement at different season, water quality testing including all other parameter required for the safe water assessment and identification of sustainable water source; (vii) Identify technological options with alternatives suitable for the scheme with proper justification and scientific analysis; (viii) Recommend the water supply technology for non-piped option based on analysis of hydro-geological and hydro-chemical situation reflecting the opinion of the community; (ix) Prepare the Environmental and Social Management Plan in the light of Environmental Management Framework and Social Development Framework developed under the project; (x) Assist the PD on any other matters of project interest.

The qualifications and experiences required for the assignment are:
a. Bachelor & Masters degree in geology, hydrology, engineering geology, physical, or earth science, or in the related field.
b. Minimum 10 years of experience and track record in relevant area.
c. Expertise shall include hydro geological/groundwater assessment studies, preparing litho-stratigraphy bore hold logging, surface geophysical interpretation, hydrochemistry, well design, pump/aquifer test design, especially spanning ground water usage for public water supply systems in Bangladesh.
d. Familiarity with the NWSSSP and NWP (National Water Policy) will be an added advantage.
e. Hands on experience in working with NGOs in delivery of water supply.
f. Experience in working with Public Private Partnership model in water supply sector.
g. Ability to work in a multi-disciplinary team environment
h. Working experience in donor assisted government project
i. Skills in computer aided design of PTW
j. Fluency in English both oral and written
k. Competence in relevant report writing
l. Age preferably below 50 years.

Department of Public Health Engineering (DPHE) now seeks applications from eligible applicants to indicate their interest in providing the services. Applicants are invited to provide information indicating that they are qualified to perform the services (complete CV with detail information about employment history with duties and responsibilities, academic details, major publication (if any), contact address including telephone number and e-mail (if any)). The consultant will be selected using the Selection of Individual Consultants method in accordance with the World Bank Guidelines on "Selection and Employment of Consultants under IBRD Loans and IDA Credits & Grants by World Bank Borrowers January 2011". Only short-listed candidates will be contacted. It is expected that the services will be commenced on January 2013.

Interested applicants may obtain the Terms of Reference (TOR) upon request from the address provided below either by e-mail or in person during the office hours (09-00am to 05-00pm). The TOR will be also available at the DPHE website (<http://www.dphe.gov.bd>).

Expression of Interest (EOI) must be submitted in 07 (seven) copies including 01 (one) main copy by the applicant on or before 15 November, 2012 within 12:00 noon in a sealed envelope delivered to the undersigned and clearly marked "Expressions of Interest for Hydro Geologist." EOIs received after the deadline of submission will not be considered for short listing.

Duration of the Assignment:
The duration of the assignment is 48 months which may change based on the requirement of the project.

Special instructions:
