Hello friends, many of us are fond of superheroes. Superheroes are those who have some special powers which they use for the well being of mankind.

A.

Do you know these superheroes?

Match the superheroes with their activities.

Captain Planet	can shoot out webs and climb any surface
Spiderman	uses powers of nature to protect the earth
Powerpuff girls	has super-human strength and he can fly
Batman	work in team and help the children
Superman	uses high-tech costume and car

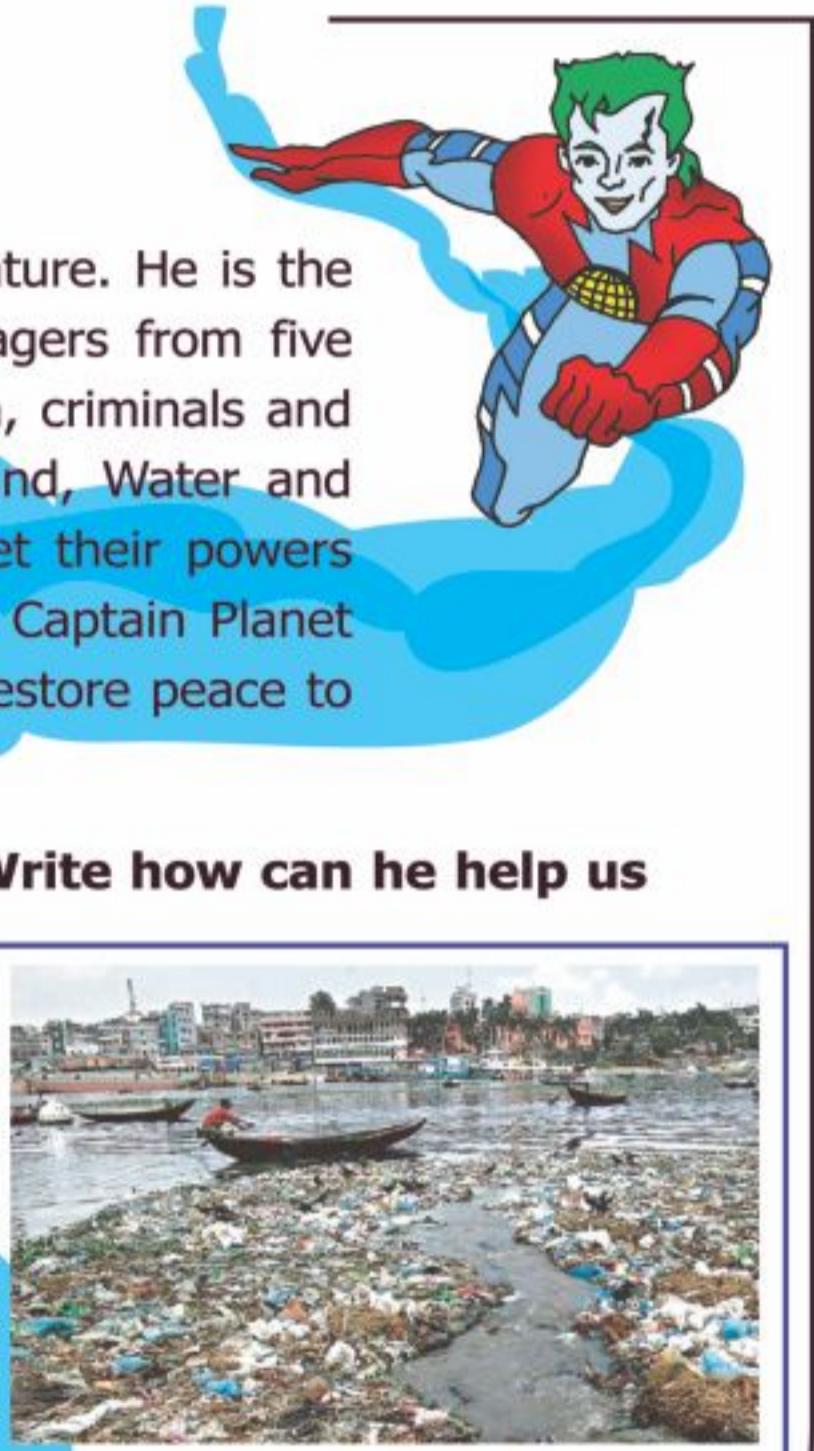

How to do: Work in pairs.

B.

Captain Planet saves Buriganga

Captain Planet is an environmental superhero with the power of nature. He is the creation of Gaia, the spirit of Earth. Gaia first engaged five teenagers from five different continents of the world to defend the world from pollution, criminals and natural disasters. These teenagers have powers of Earth, Fire, Wind, Water and Heart. When the situation is too much for them to handle, they let their powers combine to call upon the environmental superhero, Captain Planet. Captain Planet uses the power of nature and quick thinking to defeat villains and restore peace to the world.

Suppose Captain Planet is in our country to stop pollution. Write how can he help us to save Buriganga?

How to do: Work in groups. Discuss and write.

Class: VI-VIII

## Superheroes

C. A real life superhero

There is a person living in Manikpur, named Jalil. He does not have any superpower like the superheroes, but he has a strong desire to solve the problems around him. He is better known as "friend in need" in the locality.

Form sentences from the jumbled phrases to find out what he can do:

- from wrecked ship/he dives/into deep water/to rescue people
- his locality cuts one tree/if anyone from/he himself plants five trees
- old people/everyday/in a local old home/he accompanies

How to do: Work in pairs. Discuss and write.

D. Make your own superhero

Choose the items and colours from the table to make your superhero. Then, write 5 sentences to describe him/her.
