## Upazila unit ex-Jamaat ameer held on rape charge

OUR CORRESPONDENT, Satkhira

Police yesterday arrested Abdul Bari, Shyamnagar Upazila chairman and former Jamaat leader, on charge of raping a housewife in his residence.

The victim filed a case against Bari, ex-ameer of Jamaat-e-Islami's Shyamnagar upazila unit, with Shyamnagar Police Station yesterday.

The victim in her case statement said Bari had taken Tk 3.46 lakh, in instalments, from their family with the promise of giving her husband the post of assistant computer operator at upazila parishad.

However, the accused did not keep his word and so they wanted their money back, she added.

Bari returned Tk 2.80 lakh in phases and on Thursday asked the victim to go to his house to get the rest of the money. When she complied Bari raped her in his house, she continued.

Contacted, Bari said his political rivals have fabricated the story to tarnish his image and that the incident never occurred.

Bari was produced before a Satkhira court following his arrest from his village house in Bandhghat.

## UN CLIMATE CONFERENCE

# Stronger climate forums stressed

STAFF CORRESPONDENT

Speakers at a seminar yesterday emphasised strengthening the forums working on interests of climate vulnerable countries ahead of the United Nations Climate Change Conference.

They also put importance on negotiations with persons or countries that play decision making roles in climate conferences to reap better benefits in the upcoming climate conference.

Conference of the Parties (COP-18), scheduled to be held in Doha from November 26 to December 7, is the 18th session of the UN Climate

Change Conference.

COP-18 Campaign Network, a coalition of seven organisations, organised the seminar titled "COP 18 Climate Conference -- Experience with Bangladesh Perspective" at Jatiya Press Club in the capital.

Presenting the keynote paper, Zakir Hossain Khan, project coordinator of Climate Finance Governance Project, said Bangladesh should play a vital role in strengthening the Climate Vulnerable Forum for the interest of these vulnerable countries which include Bangladesh.

Noted economist Dr Qazi Kholiquzzaman Ahmad said

Bangladesh was vocal in the last few climate conferences and the country drew attention from other countries.

"But addressing at the climate conferences yields little as main decisions are taken behind the curtain," said Kholiquzzaman, chief of Bangladesh Negotiation Team.

"So we should negotiate with those who play roles in policy making," he added.

Rezaul Karim Chowdury and Ziaul Haque Mukta moderated the seminar while Monjurul Hannan Khan and Ahsan Uddin Qumrul Islam Chowdhury, among others, spoke.
