Child rape incidents on rise in recent years*Says BSAF report*

STAFF CORRESPONDENT

About 201 children murders and 90 children rape cases were reported in daily newspapers in 2012, said speakers at a roundtable discussion in the capital yesterday.

The actual number of cases of violence against children is much higher than that reported in newspapers as parents are unwilling to report such cases to concerned authorities, they said.

"It is a sad fact that violence, particularly sexual violence, against children has seen a sharp rise in recent years. This kind of abuse against the most vulnerable section of a society raises questions about our humanity," said Md Emranul Huq Chowdhury, chairperson of Bangladesh Shishu Adhikar Forum (BSAF).

The roundtable discussion was organised by the BSAF at Dhaka Reporters' Unity to launch the publication 'State of Child Rights in Bangladesh', published by

the BSAF.

According to a study by the Human Rights Watch, more than 13,000 children were trafficked out of the country in the last five years.

"Trafficking, sexual abuse and exploitation are all crucial threats for children. Many girls from Bangladesh are trafficked outside for purposes of sexual exploitation while boys are trafficked to Middle Eastern countries to be trained as camel jockeys," said Shahana Jannat, director of BSAF.

Aside from stressing on raising awareness, speakers also urged the government to employ a special force within different law enforcement agencies who will ensure that cases of violence against children are properly investigated and culprits are punished accordingly.

Speakers also urged for a more communicable and easy access between law enforcement agencies and general people to improve information generating opportunities.

Another girl raped by 'father of six'

STAFF CORRESPONDENT, Ctg

A 10-year-old girl was raped allegedly by a 38-year-old father of six in a village in Chittagong's Anwara upazila yesterday.

Doctors at One-stop Crisis Centre (OCC) of Chittagong Medical College Hospital (CMCH), where the girl is undergoing treatment, said her condition was stable.

Police are trying to nab the alleged rapist, Jamir Hossain, a farmer and neighbour of the victim's family, who is on the run, said Anwara Police Station Officer-in-Charge Abdus Samad.

A case was filed with the police station in this connection, he said.

"The girl, daughter of a farmer, went to a field, leased by Jamir, near her residence in the morning to play with her friends," said the victim's uncle.

At one point, Jamir found the girl alone in the field around 10:00am and forcibly gagged and raped her. Her friends later found her lying unconscious and immediately informed her family members, he said.

The girl was rushed to CMCH around 12:30pm and transferred to OCC around 2:00pm, he said, adding that Jamir had married twice and had four daughters and two sons.

In another incident of cruelty, a little girl was raped and then murdered.

The 10-year-old girl's decomposed body was recovered from a bathroom of Tropicana Tower in the capital on Saturday. She went missing on January 14.

Doctors at Dhaka Medical College morgue said the girl's body bore signs of rape and tussle. She apparently died from stabs in her throat, they added.

Locals yesterday held a procession with the body demanding punishment to the perpetrators.

Her family alleged she was raped and killed by some employees of three travel agencies on the third floor of the building.

The girl used to help her mother in their business of supplying lunch to employees of offices and shops. On the afternoon of January 14, she went to the third floor of Tropicana Tower to bring back the empty lunch pots.

She used to live with her widowed mother Nurjahan Begum and four siblings in a shanty at Segunbagicha.

"I don't know how she was killed. But I guess Selim, Mostafa and Nazrul killed Ritu [the girl] when she went to the office on Monday afternoon to bring back the lunch pots," said Nurjahan.

Six people—the trio, building manager Shahab Uddin and two security guards Shekandar Ali and Nurul Islam—were arrested in this connection. During interrogation, the suspects denied their involvement in the crime, said police.

Meanwhile, Workers' Party of Bangladesh and Bangladesh Mahila Parishad demanded punishment of the culprits.

20 hurt as medical tech students clash with cops

STAFF CORRESPONDENT

At least 20 persons, including two policemen, were injured in a clash between medical technology students and police in the capital's Agargaon yesterday.

Around 400 students from six private medical technology institutes laid siege to Technical Education Board to press home their five-point demand, including getting certificates from the board, and government jobs.

They started agitation at the office around 10:00am.

After one hour, a police team charged them with batons, lobbed tear gas canisters and shot rubber bullets, dispersing the agitators.

Later, a group of students gathered there again and threw brickbats at the police, ensuing chase and counter-chase with the law enforcers for about half an hour that injured 20 students.

They took treatment in different clinics and pharmacies instead of hospitals to avert arrest, a student said.

The injured police constables are Atiq and Mostafiz.

Sher-e-Bangla Nagar police Officer-in-Charge Abdul Momin said Atiq was injured by cocktail splinter exploded by the students. He was taken to National Institute of Traumatology and Orthopedic Rehabilitation.

Momin said two agitators were arrested from the spot.
