PM alerts forces to avert  
unwanted incidents

UNB, Dhaka

Prime Minister Sheikh Hasina yesterday asked all forces to remain alert in order to avert incidents like the BDR mutiny that rocked the nation in February 2009.

"All forces have to be alert for averting such unwanted incidents in the future," she said while addressing a function organised at the BGB's Pikhana headquarters in the capital.

From the function, the premier hoisted the national flag to formally inaugurate the newly-established four regional headquarters of Border Guard Bangladesh (BGB).

Hasina said that there is a process to make demands. "But violating the process, some BDR personnel took another path without giving any time to the newly formed government. This was very much regretful."

"This incident tarnished the image of the force in the country and abroad," she said.

She mentioned that "BDR carnage" put the country into a "civil war" like position

and the steps taken by the government to cool down the situation were praised from different sectors.

Hasina said there could be no scope for such activities in a disciplined force, and for that reason the government took legal action against those who were engaged in the mutiny.

She also said that steps were taken through amending the Bangladesh Rifles Order-1972 to accelerate the trial of the BDR (now BGB) mutiny.

The government has also taken steps to strengthen and modernise the BGB force to protect the country's remote border areas.

As part of the measures, the government has already approved the new organisational structure of BGB and setup its four regions, 11 sectors and a region intelligence bureau, she told her audience.

Home Minister Muhiuddin Khan Alamgir, PM's advisers HT Imam and Tarique Ahmed Siddique, among others, were present at the function.

tough movement

BNP policymakers urge activists

STAFF CORRESPONDENT

BNP top policymakers yesterday called upon the party's leaders and activists to take oath for waging a tough movement so that the government agrees to hold the next general polls under a caretaker government and refrains from its "evil design to hold a one-sided election".

"You [leaders and activists of BNP] will have to take oath so that the government's wish for holding a one-sided election is not fulfilled," Tariqul Islam, a BNP standing committee member, told the discussion held at the capital's Mohanogor Natyamancha.

Branding the Awami League government as "failed and corrupt", Tariqul said the government has destroyed the country's all democratic institutions including the judiciary.

Moudud Ahmed, a BNP standing committee member, said there is no rule of law in the country at present, as the government is interfering with the country's judicial system.
