## MESSAGE

Thank you for attending the 18th Annual Lions District 315-A1 convention.

As you celebrate what your district has accomplished through its many service activities, make a "pit stop" to reflect and refocus. Like your club, your district should work as a team by supporting, sharing and learning from one another. Find out what other Lions are doing to make their communities and the world a better place. Your district's teamwork will help ensure that Lions Clubs International remains the leader in a World of Service.

This convention is also a time for you to reflect upon your personal goals, as well as those of your club, district and the association. Connect to others around you by being creative and looking at service in a new light. As Lions, we have accomplished so much, but there are still many who need our help. Your participation at this convention demonstrates your commitment to service and is a sure sign that you will accelerate in your service goals.

I wish you all the best in your continued efforts to serve your community and the world.

Warmest regards,

Wayne A. Madden  
International President
