

Appeal for help

STAFF CORRESPONDENT

Zarrar Rahman, 7, is suffering from a brain tumour, which is already in its critical stage.

Doctors recommended that Zarrar should be immediately provided better treatment which is very costly and his father, a manager of a buying house in Shantou, China, cannot afford the expenses.

Currently, Zarrar is under the treatment of Prof Timothy Lee of Gleneagles Hospital in Singapore. A significant amount of money has already been spent for the initial treatment; but it is impossible for Zarrar's father to pay the expenses that has already been claimed by the hospital.

To complete the full treatment, Zarrar needs Tk 70 lakh or around US\$ 90,000.

Assistance can be sent to Taskin Jamal, Dutch Bangla Bank Ltd, Mohammadpur branch, A/C no 148.101.42555, swift code DBBLBDDH148 or Taskin Jamal, BRAC Bank, Banani branch, A/C no 1507102646624001, and swift code BRABKBDH. Contact no 01913901065. Those who live abroad can donate via <https://fundraiz.com/campaigns/5WrX5>.

Rapid Action Battalion arrested these four members of a drug dealing gang, which uses Bangladesh as a transit route for smuggling drugs to different countries, along with 1.3kgs of heroin, 3,100 fake US dollars and a private car in the capital's Uttara yesterday. PHOTO: BANGLAR CHOKH

Tanker with furnace oil seized in Ctg

STAFF CORRESPONDENT, Ctg

A team of Bangladesh Coastguard yesterday seized an oil tanker carrying furnace oil worth about Tk 1.72 crore without valid documents from the river Karnaphuli in Chittagong yesterday.

The tanker -- New OT Samrat -- was carrying 201,500 litres of furnace oil at around 11:00am, said Lt Commander Atiqur Rahman.

On searching the oil tanker, the coast-

guard team did not find related documents for the furnace oil and thus seized the ship and the furnace oil, he said.

The ship might have illegally procured the furnace oil from the merchant vessels anchored in the outer anchorage of Chittagong Port, he added.

"We will keep the tanker in our custody for the time being," said Atiqur, adding that they will sit with customs officials today to settle the matter.

BB to monitor online forex transactions

BSS, Dhaka

The Bangladesh Bank will monitor online all foreign exchange transactions through banking channel with their "Foreign Exchange Transactions Monitoring Dashboard", which will record data on forex transactions round the clock.

"Foreign exchange transactions are now under our close monitoring as the Foreign Exchange Dashboard shows data about such transactions round the clock," said Deputy Governor Nazneen Sultana, adding that the BB is now fully capable of taking immediate steps after detecting any irregularity.

The Fx Dashboard is a graphic presentation of four online reporting modules for monitoring the foreign exchange transactions of the authorised dealer (AD) branches of the country. The modules are Online Export Monitoring System, Online Import Monitoring System, Online Outward Remittance Monitoring System and Online Inward and Wage Earner's Remittance Monitoring System.

The BB has developed the software of these four modules and Fx Dashboard with its own efforts and technology, said Nazneen Sultana, who looks after the BB's IT Operation and Communication Department.

She said all departments concerned, including Foreign Exchange Operation Department, Foreign Exchange Policy Department, Foreign Exchange Inspection Department, Financial Integrity and Customer Services Department, are now capable of monitoring and supervising forex transactions reported directly by all AD branches of banks across the country.

"Not only the departments concerned of the central bank, we have given the top officials of all commercial banks the user ID and password to monitor and supervise the forex dealings of their respective banks," added Nazneen Sultana.

"Even the governor can watch and supervise every minute's update of forex transactions," she added.

EVICITION OF 14 CHAK FAMILIES IN BANDARBAN

NHRC claims steps were already taken

STAFF CORRESPONDENT

The National Human Rights Commission (NHRC) in a statement on Thursday said it has already asked the authorities concerned to take necessary steps to rehabilitate 14 families of Chak community to their ancestral home at Badurjhiri of Naikhyangchhari in Bandarban.

On March 15, land grabbers evicted the families with repeated death threats from their homes at Chak Para.

The NHRC's statement came after United National Awami Party President Pankaj Bhattacharya at a press conference in the capital on June 19 demanded resignation of NHRC's chairman for his inaction in this regard. Earlier, Pankaj led a civic delegation during its visit to the crime spot.

In the statement, the NHRC said the Chittagong Hill Tracts (CHT) Affairs Ministry formed a probe committee and it made 10 recommendations, including arresting the land grabbers, rehabilitating the evicted families on their own lands and demarcating the lands of Bangalees.

The NHRC has sent the report to Bandarban deputy commissioner and the superintendent of police for necessary action, it added.

Iron rod-laden truck looted

STAFF CORRESPONDENT

Miscreants looted an iron rod-laden truck from Dhaka-Chittagong highway in Dhaka after beating the trucker and his helper early yesterday.

Jatrabari police rescued the trucker Kamrul Islam and his associate Sumon unconscious from Demra road in the capital's Matuail.

They regained sense last night at Dhaka Medical College Hospital.

A relative of Kamrul said they were informed by the police over the phone which number was found in the victim's pocket.

The relative said they were carrying the rods from a factory of Meghna Ghat to the capital's Tejgaon.

Askir, quoting his cousin Kamrul, told The Daily Star that the criminals stopped the truck as one of its tyre got flat.

Jotun is one of the world's leading manufacturers of decorative paints, marine, protective and powder coatings. The group has 74 companies and 39 production facilities on all continents. Jotun products are available more than 90 countries through own subsidiaries, joint ventures, agents, branch offices and distributors. Jotun's total sales in 2011 was NOK 14,742 million, and has today more than 9,000 employees. The Jotun Group is organised into four segments and seven geographical regions, and has its head office in Sandefjord, Norway.
We are looking for ambitious and energetic individuals to join our Jotun Bangladesh Ltd. team in Dhaka, for the following positions:
Technical Project Manager (B.Engr, Civil/ Mechanical/ Electrical & at least ten (10) years' relevant working experience in factory projects)
You will be responsible for the construction of factory to ensure it adheres to specifications, according to budget and within timeline, to liaise closely with the local operation team, communicating and following up with the local consultant and contractor as well as ensuring legal and regulatory requirements are met and documented. Project management experience is an advantage.
HR Executive (B.B.A./Equivalent qualification, specialized in HR or related fields & at least three (3) years' working experience in HR)
You will be responsible for recruitment activities (advertising, hiring, interviewing and selection), implementing and monitoring human resource policies, maintaining employee information as well as analyzing training needs and coordinating training programs for employees.
Admin & PR Executive (B.B.A./LLB, specializing in HR related fields & at least three (3) years' relevant working experience)
You will be responsible for regulatory issues (Tax, Vat, Customs, Trade license, visa processing etc.), handling legal issues (preparing contracts and liaising with Legal Advisors) and supporting our team in PR activities.
Chemist (B.Sc. in Chemistry or relevant field & at least five (5) years' working experience in paint industry)
You will be responsible for providing technical support to our sales & marketing team through troubleshooting, process engineering, consulting, and coordinating activities to ensure customer satisfaction. In addition, you are responsible to conduct product testing, raw material evaluation, quality control and colour matching according to Jotun's standard procedures. Experience in R&D is an advantage.
Multicolor Technician (B.Eng. in Electrical or Mechanical & at least two (2) years working experience in related field)
You will be responsible for the installation and operation of Multicolor (MC) machines at dealer shops and warehouses by calibrating and/or installing new MC machines, demonstrating, training and supporting dealers to ensure optimum usage of MC machines. In addition, you will be coordinating with internal customer service department for on time MC machines deliveries.
Multicolor Support (H.S.C. Computer literate & at least two (2) years' working experience in electrical or mechanical field)
You will be supporting in the installation and operation of Multicolor (MC) machines, providing assistance to dealers in tinting demonstrations during MC shop launches and ensuring right display of Jotun's marketing material by dealers.
