

Govt to build multi-storey convention centre in Ctg

UNB, Ctg

The government is going to build a modern multi-storey convention centre doubling as a commercial building in Chittagong to meet a decade-long demand of the port city people.

Sena Kalyan Sangstha (SKS) has been entrusted with the implementation of the Tk 300 crore project proposed by the Chittagong Development Authority (CDA).

The building will stand on over 1.46 acres of land at Kazir Dewri in the port city and will be as tall as a 32-storey high-rise but will have 20-25 floors. It will be one of the tallest high-rises in Chittagong city.

"We've already demolished three-fourths of the old three-storey Enesl Bhaban at the construction site. The demolition work will be completed soon. We want to make the best use of the oncoming dry season for the construction work," General Manager of the SKS (Real Estate Division) Engineer Maj M Rezaul Karim told the news agency recently.

He said they had initially set a budget of Tk 250 crore but it might exceed Tk 300 crore.

Prime Minister Sheikh Hasina is expected to inaugurate the construction work in September, said Maj Karim. The project deadline is not finalised yet, he added.

According to the project plan, the first six floors of the high-rise will be used as the convention centre with a parking facility for 400 vehicles. The building will have seminar halls, a mini theater, restaurants, a three-star hotel, office spaces for commercial institutions, display centres and revolving restaurants and a helipad on the roof.

Officials said over 2,500 audience members would be able to enjoy any event together at the convention centre, while the ground floor would allow hosting traditional mejbans (grand feasts) or fair for more than 2,000 visitors or guests.

During a visit to the site, Environment and Forests Minister Dr Hasan Mahmud said the present government had worked for the project but it was delayed due to land acquisition-related complexities.

He said the space was not big enough but the location was nice, and people from all parts of the city would have an easy access to the centre.

Maj Rezaul Karim said they had a plan to ensure 25 per cent of the total power supply of the building through solar energy.

A source said China and Japan had expressed interest to fund the project but it might be implemented through a Trust Bank loan if the foreign support was not available. The issue of financing will hopefully be settled within a couple of months.

Prime Minister Sheikh Hasina and Communications Minister Obaidul Quader view the inside of one of the 88 buses, bought under an Indian line of credit for Bangladesh Road Transport Corporation, at Gono Bhaban in the capital yesterday.

Khulna city to get 3 new police stations

OUR CORRESPONDENT, Khulna

Khulna Metropolitan Police have completed all official procedures to set up three new police stations in the city.

The stations will be set up in Labonchara, Aronghata and Harintana areas.

In 1986, five police stations were established in the city since the establishment of KMP. These are Khulna Kotwali, Sonadanga, Daulatpur, Khalishpur and Khanjahan Ali police stations.

KMP Commissioner Shafiqur Rahman told The Daily Star yesterday that currently 2,700 police personnel were working in the five stations, adding that recruitment of 3,800 more personnel were required to run all the eight stations smoothly.

The government would soon issue a gazette notification in this regard, he said.

Sheikh Ashrafuzzaman, president of Greater Khulna Development Action Coordination Committee, said it was not possible to maintain law and order in the city with the only five police stations and the small number of police personnel.

Prof Zafar Imam, president of Khulna Sacheton Nagarik Committee, also stressed increasing the number of police stations.

India delivers last batch of buses

DIPLOMATIC CORRESPONDENT

India yesterday delivered the last 88 of the 428 different types of buses procured for Bangladesh Road Transport Corporation (BRTC) at a cost of US \$36.85 million under India's US \$1 billion line of credit (LoC).

Prime Minister Sheikh Hasina formally inaugurated the operation of the 88 air-conditioned buses at her official residence Gono Bhaban in the capital yesterday.

Of the buses, supplied by the Indian firm Ashok Leyland, delivery of 290 double decker buses was completed on October 30, 2012 and that of 50 articulated buses on April 2013, stated the High Commission of India.

The project for procurement of the buses was included in the LoC agreed upon by the two countries on August 7, 2010 for various infrastructure developments in Bangladesh.

US \$200 million (Tk 1,600 Crore) of the LoC was later converted to a grant. Of it, India so far disbursed US \$150 million, which Bangladesh has said would be used for the construction project of the Padma bridge.

Under the Indian LoC, Bangladesh took up a total of 16 projects for development of infrastructure in the transport sector.

Two 'commit suicide' in capital

STAFF CORRESPONDENT

A woman and a teenage girl allegedly committed suicide in the capital yesterday.

Kajal Akhter, 25, hanged herself from a ceiling fan at her Uttara residence.

Uttara (west) police said Kajal locked herself inside her room following a feud with her husband Rafiqul Islam on Friday night.

The body was sent to Dhaka Medical College morgue for an autopsy.

In Mohakhali, Nahida Sultana, a tenth-grader, committed suicide by drinking Savlon antiseptic liquid.

Victim's mother Rozina Begum found Nahida lying on the floor and foaming at the mouth.

Nahida died at Dhaka Medical College Hospital.

Kazi Nurul Amin, deceased's father, suspects that Nahida took her life as she was scolded for watching television on Friday.
